SEARCHING FOR U. S. PLANE IN FAR EAST

Memorial Lake Begins (Finally) To Take Water

Creek Now Flooding Big Area Near City; Ready To Add Fish

Pickaway County's long-awaited Memorial Lake is rapidly nearing completion. No longer is it the much-discussed "dry lake".

According to officials in charge of work at the lake site, east of Circleville, a big valve along Hargus Creek was closed Wednesday to allow water to start backing up in the lake bed.

How long it will take for the lake to fill will depend upon the flow of water in the creek. Construction men said the flow of water at present is steady due to the heavy rains in this area over the past few days.

If the rains continue through the near future, the lake, of course, will fill up faster the spokesmen pointed out.

* * *

ORIGINALLY, the big lake was scheduled to be completed early in September. However, due to bad weather this Spring and Summer, the completion date may fall a little later than previously planned.

Stocking the lake with fish will begin as soon as enough water backs up into the lake area, Pickaway County Game Protector Clarence Francis said.

The first fish put into the lake will be small fingerlings.

He said that stocking will continue over a period of time, depending on water conditions and the ability of different kinds of fish to live in the new body of water.

Reports received here indicate that an additional 10,000 fingerling bass from federal hatcheries will be placed in the lake within the next few days.

The reason for the federal fish being stocked in the local lake is due to a surplus of bass fingerlings that now exists in government hatcheries, the report said.

In addition to the fingerlings already scheduled to be placed in the lake, several thousand more federal fish will be released in the near future, the report went on to say.

Army Cancels Charges GI Overweight

FT. CARSON, Colo. (AP) — That fuss over 19 pounds around a professional soldier's waistline is going to cost the Army a mess sergeant.

Sgt. 1-C. James Love, 34, said today the Army has quietly dropped plans to court-martial him for being overweight.

But it doesn't make much difference, Love confided. He'll resign the Army in October and reenlist in the Air Force.

Love, a veteran of 12 years' service, said he was among a "handfull" of 8th Infantry division officers and men facing court-martial for failure to peel off excess fat as ordered. He weighs 212 pounds, and said he'd been ordered to trim down to 193.

A mess sergeant who admittedly likes good food, Love said his unit commander advised him Wednesday that all charges against him have been dropped.

"But it doesn't make any difference," he said. "I'll complete six years of my current indefinite enlistment on Oct. 4. Then I plan to re-enlist in the Air Force."

Why the Air Force?

"I prefer it for obvious reasons," grinned Love, a native of Cincinnati.

Visiting President

SAN FRANCISCO (AP)—Ohio Atty. Gen. C. William O'Neill and Sen. George H. Bender were among two score Republican office seekers scheduled to meet with President Eisenhower today.

Richard M. Nixon

'Joe Smith' Gives Republican Convention Its Biggest Laugh

By ED CREIGH

SAN FRANCISCO (AP) — Joe Smith?

He's only a myth.

But he handed the Republicans the biggest laugh of their convention Wednesday night. He gave the television audience an injection of wake-up juice too.

There's one at every convention.

Four years ago the Republicans had Marcelino Romany. He was the Puerto Rican delegate who broke up a lot of tension by demanding a poll of his three-member delegation.

This year Romany played it straight. He voted the Eisenhower-Nixon ticket. Then came Joe Smith. And the man behind him: "Terrible Terry" Carpenter.

Everything had been going fine up to that point. It was a wide-open convention. The door was wide open for everybody — except Vice President Nixon — to disappear into the San Francisco fog.

Alabama yielded. Arkansas yielded. Everybody yielded except Carpenter.

Then Scottsbluff, Nebraska's Terry Carpenter (who freely acknowledges the "Terrible Terry" nickname) dug in his heels.

He once was a Democratic congressman. He changed parties. He has run for all sorts of offices, without success. He disapproves of Nixon.

So when the roll was called on Nixon the Nebraska delegation chairman, Mrs. George P. Abel, gritted her teeth and did her duty.

She told convention chairman Joseph W. Martin Jr. there was a bit of a split in the Nebraska delegation: Nixon: 17. Joe Smith: 1.

Mrs. Abel, the only woman chairman of a delegation, didn't know who Joe Smith was either.

She said so, forcefully.

She announced that delegate Carpenter was speaking for himself alone.

Martin furrowed his brow, considered the problem for a good five seconds, and told the defiant delegate from Nebraska:

"You take your Joe Smith and get out of here."

Carpenter, a stocky, 56-year-old businessman who wears glasses, took the hint. He got out. Escorted by uniformed convention guards.

This is an open convention, though, so he soon marched back in.

He refused to vote on the first —and only—ballot for Nixon. He passed.

In the end, though, he buckled under the pressure of his fellow Nebraskans.

He voted for Nixon too, making it unanimous.

"I just wanted to be sure it would be an open convention," Carpenter said. "I wanted to address the convention. When I didn't get a chance—well, I don't know where Joe Smith came from. He just showed up."

"He's unpredictable," sighed Mrs. Abel, referring to Carpenter, not to Smith. "He likes to grandstand. And we have to go along with him. And it always takes four times as long."

Joe Smith could not be reached for comment.

Presidency Ballots Mailed To Boards

COLUMBUS (AP) — Secretary of State Ted W. Brown wasted no time mailing presidential ballot forms to the 88 county election boards.

With the presidential campaign period shorter this year, Brown said he mailed the ballots forms as soon as the Republicans approved the Eisenhower-Nixon ticket Wednesday night.

Brown said he believed Ohio was the first state to approve presidential ballots.

British Bombard Malayan Rebels

LONDON (AP) — The Admiralty today announced the cruiser Newfoundland bombarded Communist rebel positions in the Kota Tinggi area of Malaya.

The bombardment early today was the first major assault in two months on jungle positions of the rebel guerrillas who have been fighting British rule since 1948. The rebels have been comparatively inactive in recent months.

Concert Singer To Teach Under Reds

BERLIN (AP)—A Communist newspaper announced today that Aubrey Pankey, an American Negro concert singer, has taken a music teaching job in Communist East Berlin.

East Berlin's Berliner Zeitung said Pankey chose to live under communism after he was refused permission to live in France and Britain.

The paper said the refusals were based on his support of Julius and Ethel Rosenberg, executed by the United States in 1953 as atomic spies for the Soviet Union.

The Berliner Zeitung said Pankey was born in Pittsburgh, Pa., and studied in Boston and Oberlin, Ohio.

Eleanor Declines

GJORSLEV MANOR, Denmark (AP)—Mrs. Eleanor Roosevelt, commenting on suggestions that she run for the Senate to succeed Sen. Herbert H. Lehman (D-NY), said in an interview today: "Nothing would induce me to run for any office."

Bliss Fearing Complacency In Ohio GOP

SAN FRANCISCO (AP) — The "basic problem" confronting Ohio Republicans in this election year is complacency, State Chairman Ray C. Bliss of Akron said today.

He said he feared that voters who favor the Eisenhower-Nixon ticket nominated by the Republican convention Wednesday "will not bestir themselves enough."

"We've got to stir up their enthusiasm and get them out to vote," said Bliss, chairman of the Ohio delegation to the convention.

He added, however, he is convinced President Eisenhower and Vice President Nixon will carry Ohio "by an overwhelming majority" in the November election if voters who favor their reelection go to the polls.

"The only votes that count are those that are cast in the ballot box," he emphasized.

Bliss previously said he had been informed Nixon would campaign in Ohio and had reason to believe Eisenhower also would speak in the state.

The Ohio delegation's 56 votes were cast for Eisenhower and Nixon in Wednesday's colorful nominating session of the convention in Cow Palace.

Bliss cast the state's vote when the roll was called on the nomination. He turned the spotlight on State Atty. Gen. C. William O'Neill of Marietta, the GOP candidate for governor, when it came nominee.

Ohio's vote, Bliss announced, "will be cast by our attorney general and our next governor." Then O'Neill took the microphone and announced Ohio cast its 56 votes for Nixon.

Earlier, Sen. John W. Bricker made one of the speeches seconding Nixon's nomination. He credited Nixon with having fulfilled his duties as vice president with efficiency, honor and integrity.

Nixon Has Respect For 'Joe Smith'

WHITTIER, Calif. (AP) — Vice President Richard M. Nixon had only good words today for his only "rival" for renomination—the mysterious Joe Smith.

The fictitious Mr. Smith was nominated Wednesday by a member of the Nebraska delegation who said he was trying to prove "that it was an open convention."

Nixon, visiting here with his critically ill father, was asked by a newsman if he knew Smith. He replied:

"Smith is a very honorable name in the United States. There are a lot of them who vote and I'll say nothing against any of them."

It's Ike vs. Adlai For Fall Campaign

SAN FRANCISCO (AP) — Republicans looked forward in confidence today to President Eisenhower's rematch with Democrat Adlai E. Stevenson in the November presidential elections.

The 1,323 GOP convention delegates Wednesday night unanimously roared their approval of an Eisenhower-Nixon team they predict will repeat its 1952 defeat of a Democratic ticket headed by Stevenson.

In Libertyville, Ill., Stevenson voiced congratulations to Eisenhower and said, "I am pleased to be matched against him again."

Vice President Richard M. Nixon won his place on the ticket after Harold E. Stassen stood up before the 1,323 delegates and urged them to vote for the man he had said previously would cost the GOP ticket.

Swallowing probably the bitterest pill of his political career, the onetime "boy wonder" governor of Minnesota acknowledged that Nixon was the "clear choice" of the mass of the delegates.

* * *

EARLIER AT A news conference Eisenhower quashed Stassen's weeks-old drive to drop Nixon and replace him with Gov. Christian Herter of Massachusetts or almost any other Republican of stature.

Stassen contended Nixon would reduce the political appeal of the Republican ticket and might cost the Republicans their bid to recapture Congress.

Eisenhower announced Stassen had told him he was dropping his drive to ditch Nixon because it was evident the delegates wanted the vice president on the ticket again.

Although he held out to the last against any flat endorsement, Eisenhower declared of Nixon:

"I think he is as good a man as you can get."

Nixon flew to Whittier, Calif., early Wednesday to be at the bedside of his critically ill father. He said he was "very gratified by the results of the nomination of President Eisenhower and appreciative too for the support of the delegates for the nomination of vice president."

"I'll work harder than in previous campaigns to see that that leadership is available to the United States and to the world for four more years," he declared.

* * *

EISENHOWER WILL make his first appearance before the convention late today to accept his nomination. He is expected to outline a program geared to the "dynamic progressivism" he has talked about in the past.

Nixon will also address the convention if his father's condition permits him to return.

Governor Asks Phone Service Be Restored

Calls On Unionists To End Violence In Lengthy Strike

COLUMBUS (AP)—Gov. Frank J. Lausche today called on officials of the struck Ohio Consolidated Telephone Co. to provide service in its 24-county area and on unionists to forego violence in the 40-day strike.

About 50 officials of the company, the Communication Workers of America union and local and state officials conferred for nearly two hours in Lausche's office.

Clare E. Williams of Marion, president of Ohio Consolidated, said that only New Boston, Portsmouth suburb, lacks service in the strike-affected area.

He said exchanges in Portsmouth, Adena, Dillonvale, Byesville and Tiltonville were among exchanges closed temporarily.

Williams described brick-throwing incidents which damaged several exchanges and said 50 telephone cables were cut in the Portsmouth area alone.

"If the union deplores such acts," Williams asked, "Why do they harrass those who make repairs" on cables that often take several days?

"Just last night," he said, "five bullets were fired through a car in Portsmouth.'

* * *

J. CURTIS FLETCHER of Washington, national director for the CIO-AFL telephone union, said the strike began because the company cut several items from the company-union contract.

"Our people feel that the contract should not suddenly be that bad," Fletcher said. The official said the union does not condone acts of violence and that he does not know who committed them.

"Of course," Fletcher said, "a strike is not effective unless service is curtailed to some degree."

Commenting on Fletcher's remark, the telephone company president said:

"I feel that issues can be solved around the table. The union has stated that the effectiveness of this strike can be brought about by a dimunition of service. In Portsmouth, more than 50 cables

Dem Leaders In South Seek Conferences

ATLANTA (AP) — Democratic leaders in 10 of the 11 southern states made plans today to meet with Adlai Stevenson and Estes Kefauver in a regional conference to get Dixie solidly behind the party in the November elections.

Stevenson, the presidential nominee, and his Tennessee running mate will be at Knoxville, Tenn., Aug. 30 for one of a series of whirlwind grass roots visits with party bigwigs throughout the nation.

Most southern states have pledged support of the ticket in varying degrees although some show a definite lack of enthusiasm.

Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee and Virginia will be represented at the conference, at which "key issues" affecting the South will be discussed.

A "Segregation party" sprang up in Alabama and called on southern states to join together and present a solid front on an acceptable candidate.

"We hope the election will be close enough so that we could use our votes as a bargaining weapon to get assurance the next administration will not destroy our southern way of life," a spokesman said.

The group asked the Alabama secretary of state to list it on the Nov. 6 general election ballot as a new party, motto of which is "We Dare Defend Our Rights."

Seat First Juror For Brink's Trial

BOSTON (AP) — The first juror to sit on the panel that will try eight Greater Boston men for the Brink's Inc., $1,218,211 robbery was chosen today, the 14th day of trial.

Superior Court Judge Felix Forte had examined 1,189 men and women since Aug. 7 before the first juror took a seat in the jury box.

He is Charles A. Wolusky of Dorchester, a shipping supervisor employed by the U. S. Gypsum Co. in Chelsea.

Flashers Asked

COLUMBUS (AP)—The Village of Hebron, Licking County, today asked state utilities commission action to install flasher light protection at a New York Central Railway crossing.

Peiping Tells Of Attacking Craft In Same Area

Missing Mercator Radioed Of Shooting Before Disappearing

TOKYO (AP) — Red China said one of its planes damaged a "Chiang Kai-shek" aircraft early today over islands southeast of Shanghai — the area where a U.S. Navy patrol plane and its 16 crewmen were believed shot down.

A Peiping broadcast, without identifying the plane beyond the reference to the American - supported Chinese Nationalist leader, said it had intruded over Chinese islands and made off after the encounter toward the southeast—the direction of Formosa.

U. S. ships and planes were searching for the naval patrol plane, believed downed by Communist Chinese aircraft 32 miles off Wenchow, China, at 1:25 a.m. local time. Nightfall came without any announced word of the results.

The missing plane, a four-engine P4M Mercator, in its last brief radio message reported it was "under attack by aircraft." The Navy said it then was 32 miles off Red China's shore and 160 miles north of Formosa.

The place where the Peiping broadcast reported the encounter with a "Chiang Kai-shek plane" is about 350 miles north of Formosa, in a time belt an hour behind that of Japan and the U. S. bases here. The Red Chinese station said the encounter came "before 1 a. m. this morning."

* * *

THE U. S. HUNT for the missing patrol plane went on all day without success and tonight all announcements, even of a negative nature, ceased.

Far East naval headquarters at Yokosuka, Japan, clamped a news blackout on any developments in the round-the-clock hunt.

A spokesman said any new information must come from Washington in coordination with the Defense and State Departments.

A Navy announcement more than 10 hours after the plane sent its last message said search crews up to that time had found nothing, though they had combed the East China Sea since dawn.

The pilot of the missing craft was Lt. Cmdr. Milton Hutchinson of Cumberland, R. I.

Vice Adm. Stuart Ingersoll, chief of the U. S. Formosa Defense command, announced the Mercator "is assumed to have been shot down by the attacking aircraft."

A spokesman for the Far East naval forces said he could give no information on the nationality, type or number of the attacking aircraft. The Nationalist Chinese air force said none of its planes was in the area at the time.

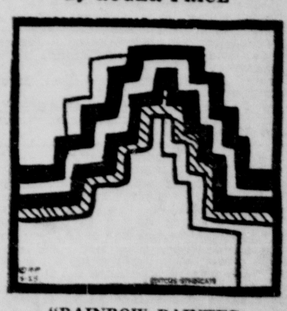

* * *

IT WAS THE first attack on an American plane in the Formosa area since Jan. 18, 1953. On that date a Navy Neptune was downed by Red gunfire off Swatow and 11 men were lost. Another Navy

DROODLES

By ROGER PRICE

"RAINBOW PAINTED BY PICASSO"

When it comes to painters I'll personally take the old masters like Rembrandt, El Greco and Walt Disney. These fellows were great and the reason they were great was because they suffered. To produce great art you have to suffer. When I went to Art School our teacher believed in this philosophy 100 percent, and he kept slipping up behind the students and giving them hot-feet and jabs with a pin while they were painting. Once, when I couldn't get a still life to look right, he spent over an hour twisting my arm and stomping on my corn until the picture was perfect. If I could have stayed there I might be a great artist myself, but I couldn't afford it. Not the tuition—the hospital bills.

Ike Trying For Another First—To Complete Two Terms At Age Of 70

By MARVIN L. ARROWSMITH

SAN FRANCISCO (AP)—By nominating President Eisenhower for a second term, the Republicans put their chips on him to do what no other man has done — complete eight years in the White House at the age of 70.

Eisenhower says he wouldn't be running if he didn't think he could make it.

Nonetheless Eisenhower — like Adlai Stevenson, nominated to oppose him by the Democrats last week — has made it plain that since presidents are mortal more care should be given to the choice of a vice president.

Why did Eisenhower decide to seek re-election at his age, now 65, to perhaps the toughest job in the world after two recent major illnesses — one of which hospitalized him for seven weeks, the other for three?

Two statements of the last few months shed some light.

Last Feb. 29, a bit more than five months after his heart attack, he said in announcing he was available for a second term:

"The work that I set out four years ago to do has not yet reached the state of development and fruition that I had hoped could be accomplished within the period of a single term in this office."

On Aug. 1, having decided to stand by his second term bid despite major surgery June 9 for an intestinal disorder, he was told at a Washington news conference that some of his friends were "afraid you won't live for another four years." Why, a reporter asked in substance, was he determined to run again?

"Well, sir," Eisenhower replied, "I would tell you frankly I don't think it is too important to the individual how his end comes, and certainly he can't dictate the time.

"What we are talking about here is the importance to the country, and it happens that at this moment the Republican party apparently thinks that I am still important to them and the country.

"And since I believe so much in the Republican party, and I believe that it needed rebuilding so badly, an effort which I have been making, as you well know, I said I would continue to try."

It was on that day, early this month, that Eisenhower said it all added up to "a decision the American people are going to have to face . . . We will see what the American people have to say about it."

'Drunk' Driver, Speeder Get Court Penalties

Today's list of cases in Circleville Municipal Court included a driver accused of operating a motor vehicle while under the influence of intoxicants and a motorist speeding at 95.

For the "drunk" driving violation, Paul B. Clevenger, 42, of Dallas, Tex. received the usual $100 and costs, three days in jail and a six month's suspension of driver's license. He was arrested by Officer Forrest Sowards.

Fred M. Wolford of Chillicothe was fined $45 and costs for the speeding at 95 accusation. He was arrested by State Patrolman Gene Miller.

OTHER CASES brought before Municipal Judge Sterling Lamb included:

Charles Hayes, 67, of Circleville; $25 and costs for being drunk and disorderly, $25 and cost for resisting arrest and six months in the county jail on a reimposed sentence; arrested by Officer Bob Temple.

Harry L. Keller, 47, of Cleveland; $15 and costs for speeding at 50 in a 35 mile zone; arrested by Sgt. George Green.

Robert J. Smith, 18, of Ashville; $15 and costs for speeding at 50 in a 35 mile zone; arrested by Miller.

Paul H. Eyerman, 23, of Columbus; $30 and costs for speeding at 80; arrested by Miller.

2 Youths Hurt When Cars Go Off Highway

Two persons were injured in a two-car accident seven miles south of Circleville on Route 56 at 6:35 p. m. Wednesday.

Howard Hunter, 19, of Laurelville, a passenger in one of the cars, received multiple cuts on the lip, head and arms. Melvin Gerbert, 19, also of Laurelville, suffered a bruise on the head. He was a passenger in the other car.

Both injured men were treated by a Laurelville physician. The two cars were reported heavily damaged. They did not collide, but both swerved off the highway.

According to Deputy Sheriff Charles Felkey, a vehicle driven by John Crosby, 19, of Laurelville Route 1 was crowded off the road by a car approaching from the opposite direction. Hunter was thrown from the car onto the highway as it swerved to the right to avoid the oncoming car.

The automobile behind Crosby, driven by Henry Lee Diehl, 18, of Laurelville Route 2 swerved to the left to keep from hitting Hunter.

Ohio Solon Dies

EATON (AP)—Clayton R. Coblentz, 79, Preble County school superintendent for 33 years and a member of the Ohio House of Representatives, died in Reid Memorial Hospital in Richmond, Ind., Wednesday.

Seek Hospital Site

CLEVELAND (AP)—State officials are "leaning toward" northeast Ohio as the site of a hospital for emotionally disturbed children, a group from Cleveland and Akron was told Wednesday.

Governor Asks Phone Service Be Restored

(Continued from Page One)

were cut. Those making repairs were heckled and pursued."

Edward Phillips of Columbus, representative of the Federal Mediation and Conciliation Service, said about 20 issues now are in dispute between the company and the union. "It seems to be locked quite tightly on those issues," he reported.

* * *

LAUSCHE SAID that as governor he cannot tell either the company or the union what to do. But he promised full protection of the body's authority extends.

"Law and order is the primary basis on which economies grow and societies survive," the governor said.

"We will be doing the greatest good in southeastern Ohio if each one responsible for law and order does his part."

The governor said protection should be given to both the union and the company "as they are entitled to it under the law."

Continuing, the governor said: "I call upon the union leaders to exercise fully whatever power you can to see to it that this violence is not carried on further. You can't exercise it on the grounds that no one was injured."

FLETCHER TOLD the meeting that the only persons injured in the widely scattered disturbances were two pickets. He said trucks bumped them.

Lausche asked the state public utilities commission to keep an eye on the kind of service provided by the company in the strike-affected area.

Fletcher said the union would do what it could to eliminate violence, but he expressed belief that some calls for police might have been made to intimidate pickets.

"We are fearful," he said, "that police have been called in when We are going to do what we can to keep our skirts clean."

Meanwhile, the company Wednesday filed petitions in Scioto County Common Pleas Court in Portsmouth asking contempt citations against 20 strikers.

In its petitons the company claims the strikers violated an Aug. 8 court order prohibiting pickets from interfering with company officials and supervisory personnel.

THE RESTRAINING order was issued by Common Pleas Judge James W. Lang of Adams County sitting at Portsmouth on assignment.

The order followed a series of acts of vandalism against company property in the Portsmouth area. A similar order has been issued in Harrison County.

The union has consistently denied connection with any acts of vandalism.

Judge Lang set Aug. 30 for a hearing on the petitions.

While this was going on, the board of trade of three communities served by Ohio Consolidated protested to the state utilities commission concerning rates charged by the company during the current strike.

The board represents 71 businessmen who use the company's telephones in Yorkville, Tiltonsville and Rayland, Jefferson County.

They asked the commission to fix a hearing on what they termed "unfair charges for telephone rental during the period in which strikes have disrupted normal service."

The board did not say how the bills during the strike compared with pre-strike charges.

Jersey Turnpike Pileup Kills One

NEW BRUNSWICK, N. J. (AP)—A loaded Trailways bus rammed into a trailer truck during a car pileup on the foggy New Jersey turnpike today and one person was killed. Twenty-seven others were injured, none critically.

The fatal victim, William Parker, 38, of Washington, D. C., was a passenger aboard the bus.

Police said a car hit a pickup truck and a bus crashed into the combined wreckage. Within seconds four more cars, a trailer truck loaded with frozen chickens and another bus were scattered on the three-lane north route of the superhighway.

Most of the injured were passengers in the second bus.

On and after this date I will not be responsible for debts contracted by anyone other than myself. James Hairston.

World News In Brief

Polio Cases Said Lowest Since 1947

WASHINGTON (AP) — The states reported 902 polio cases last week, considerably less than half the 2,134 during the comparative week last year. The total continued to run lower than in any comparative week since 1947.

The Public Health Service said today there was no large numerical increase last week in any state except Michigan, which had 62 cases compared with 32 in the week ended Aug. 11.

Last week's national total was 19 greater than the 883 in the preceding week. The increase in the comparative 1955 weeks was 355.

Chicago, where there is a severe outbreak in some areas of the city, reported 133 cases, a drop from 166 in the preceding week.

Illinois had 180 cases, down from 218 in the week ended Aug. 11.

A health service spokesman said Chicago continued to be the only specific area in which there was a heavy concentration of cases.

There were 7,095 cases reported this calender year through Aug. 18, compared with 11,848 for the similar 1956 span.

RABAT, Morocco (AP) — Sultan Sidi Mohammed Ben Youssef today temporarily averted a cabinet crisis in his newly independent country by asking ministers from the nationalist Istiqlal party to stay in office until he has time to study their demands. They agreed.

The executive committee of Istiqlal, which is Morocco's largest party, demanded a one-party government made up of Istiqlal members to replace the present coalition.

BONN, Germany (AP) — Presidents of the West German and Romanian Red Cross organization agreed today on plans for the return of Germans living in Romania.

LONDON (AP)—The News Chronicle predicted today Britain will drop two to four hydrogen bombs in its tests next spring at Christmas Island in the Pacific.

LONDON (AP) — British sailors and marines whose enlistments are expiring were told today they must stay in service to meet the Suez canal emergency.

The Admiralty said the additonal service would be kept as short as possible, but there was no way of knowing how long it might last.

City Gets Award: Traffic In 1955 Had No Fatals

At a time when all the nation is trying to find a workable formula to reduce traffic fatalities, the city of Circleville can show an award as one of the safest communities in 1955.

Circleville was given one of the National Safety Council Honor Roll Awards for cities that did not have any deaths due to vehicle accidents last year. The award was announced in the 5,000-10,000 population class.

Sixty-one cities in Ohio were eligible to participate in the safety program. Thirty-one of them won awards.

In a special ceremony at city hall, John F. Greenan, traffic safety supervisor, presented the award in the name of Director U. C. Felty of the Department of Highway Safety, General Chairman Jesse T. Smith, and the Governor's Traffic Safety Committee.

Representing the municipality during the ceremony were Mayor Bob Hedges, City Safety Director Miller Fissell, and Darrell Hatfield, head of the Pickaway County Traffic Safety Committee.

Police Locate Woman But Family In Dark

COLUMBUS (AP)—The family of Lola Celli would like to believe that the 10-year mystery of the disappearance of the Grandview Heights school teacher has been solved.

But, says her brother, Dr. Felice Celli of Ohio State University, "We can't quite believe it."

Police Chief Robert R. Livingston of suburban Grandview said Wednesday the Celli case has been closed on the report to him of John Guy, marshal of neighboring Marble Cliff, that he knows where Miss Celli is.

Miss Celli, then 24 and a school teacher at West Mansfield, disappeared Feb. 23, 1946, when she left her home on a shopping trip to downtown Columbus.

Guy was not available for comment, but Chief Livingston said Guy declines to "break a confidence" to elaborate on his information that Miss Celli is alive.

But Dr. Celli told newsmen today:

"Neither John Guy nor Chief Livingston has contacted us since August, 1946. You would think they'd tell us, who are most concerned, if they knew anything."

Chief Livingston declared: "I've known John Guy for 50 years and am willing to accept his word." He added he saw no reason to press Guy for detailed information since there is no evidence of a crime in the case.

Boy Strangled In Barn Accident

CLEVELAND (AP) —Neighbors heard cries from a barn in Olmsted Township Wednesday and found two boys tangled in a hay rope.

One Terry Solgos, a 10-year-old twin, was strangled. The other boy, Mike Melbasa, 9, escaped with rope burns around his waist.

The barn, at the Solgos boy's home, was a favorite playspot for neighborhood children.

Nixon Decides To Return To Convention

WHITTIER, Calif. (AP) — Vice President Nixon, called from the Republican National Convention by the critical illness of his father, decided today to return to San Francisco to personally accept renomination.

Nixon was given the "go ahead" by his improving father, Frank A. Nixon, 77, and the doctors in attendance.

The senior Nixon, stricken with a rupture of the main abdominal artery early Wednesday, was pronounced in "very satisfactory" condition this morning after having been near death.

The vice president, his wife Pat, brother F. Donald and sister-in-law Clara Jane flew in from the convention a few hours after the father was stricken.

The elder Nixon, now out of the oxygen tent, was asked by his doctor if he thought his son should return.

"He encouraged the trip," the Nixon family doctor said.

Speaking for himself and a specialist attending Nixon, the doctor said:

"We both agreed that the vice president's return to the convention would be a better tonic than any we could give. In fact, Dick's renomination was a great tonic for his father."

Mr. and Mrs. Charles Rutter of Western Ave. are the parents of a daughter born at 3:15 p. m. Wednesday in Berger Hospital.

Suez Conference Ends Without Total Agreement

Majority Plan Signed By 18 Nations To Be Handed Nasser

LONDON (AP)—The London conference on the Suez Canal ended officially late today with the United States agreeing to join a five-power group to carry the majority decision for international operation of the canal to Egypt's government.

The 22-nation conference finally broke out of the procedural snarl which had slowed its last hours when the 18 powers supporting internationalization decided to make their own arrangements for presenting the decision to Egyptian President Gamal Abdel Nasser.

It was understood that the 18-power decision for international operation of the canal would not be presented as a decision of the conference as a whole.

Four other nations — Russia, India, Indonesia and Ceylon—favored an Indian plan for Egyptian operation with some international supervision and advice.

The West plans to hand Nasser a full report on the discussions during the eight-day closed parley —including the opposing Indian plan to leave actual control of the waterway in Egypt's hands, with an international board set up only to advise the Egyptians.

* * *

EGYPT'S REPORTED threat to hold up British and French ships using the canal stunned conference delegates.

An official of the nationalized canal board set up by Nasser was quoted as threatening to delay the ships if Frenchmen and Englishmen working as canal pilots quit their jobs.

The British and French cabinets were called into special sessions this morning to deal with what appeared a new crisis building up.

A British spokesman said the Foreign Office took a "grave" view of the reported threat. Other officials said the report bore out the previous British-French contention that Nasser would operate the canal to advance his political aims.

In a statement on the report, the Egyptian Embassy said: "It is never the intent of the Egyptian government to discriminate against ships of any nationality passing through the canal.

"At the same time it is the policy of the Egyptian government and the Suez canal authority to maintain the canal in the most efficient and navigable conditions to meet the ever increasing volume of shipping and trade."

* * *

AN EGYPTIAN embassy spokesman declined to comment in a report that the Russians had offered to provide pilots for the canal.

The Soviet government newspaper Izvestia, quoted by Moscow radio, assured Egypt that there were plenty of technicians available in "many countries" to operate the Suez if Western pilots and engineers quit.

Egyptian officials say Nasser is certain to reject the Western proposal to internationalize the canal. The Big Three hope he will accept it at least as a basis for negotiations.

Earlier plans to send a high-level delegation to Cairo were dropped when U. S. Secretary of State Dulles declined to make the trip.

Instead the western leaders planned to have the ambassadors of the chosen countries pass along the conference report through diplomatic channels.

Police Officer Turns No Deaf Ear But He Should've

TERRE HAUTE, Ind. (AP)—Police headquarters couldn't turn a deaf ear when four Terre Haute High School musicians took their cases to court.

All they could do was shut courtroom doors, cover their ears—and suffer. After all, one of their own men had started it.

Hadn't the boys told an officer, who came to investigate neighbors' complaints, that they had no place to practice?

And hadn't the officer said: "Try City Hall."

They did, and Police Capt. Floyd Huey reluctantly let them rock 'n' roll in the city court room.

"I didn't know horns could make so much noise," said Huey, a virtual captive in his own police station.

What of the officer who suggested city hall?

He's gone on vacation.

Belgium Has 2nd Coal Mine Fire

MARCINELLE, Belgium (AP) — Belgium had her second coal mine fire in 15 days today. Unlike the first which claimed 263 lives, the brief blaze caused no casualties.

Today's fire broke out in a pumping station 2,925 feet below the surface at the St. Charles mine south of Charleroi.

A short time later a mine official said the blaze was under control and all 48 men had been brought safely to the surface.

The mine lies only a few miles from the Bois du Cazier site, where 263 miners perished after being trapped in the Aug. 8 blaze.

Earlier estimates had put the dead at 270, but an announcement today that all hope of further survivors had been abandoned reduced the total.

Police, Fire Calls

POLICE

No assaults, robberies, breakins or any other crimes were reported by police as of today.

FIRE

No fires were reported today by the Circleville fire department.

Peiping Tells Of Attacking Craft In Same Area

(Continued from Page One)

plane was shot at while searching for survivors but was not hit.

The U. S. Navy spokesman insisted the Mercator was over neutral waters of the East China Sea at the time the attack was reported.

"It was then operating 32 miles off Chinese Communist territory," he said, "160 miles north of Formosa."

The four-engine plane, carrying four officers and 12 enlisted men, was on a "routine training and patrol mission" from Japan to Naha, Okinawa, the Navy said.

U. S. patrol planes operating in China waters have instructions to keep at least 12 nautical miles away from the Communist mainland.

The missing craft, part of the U. S. 7th Fleet's Formosa patrol force, was based at Iwakuni Naval Air Station, near Hiroshima, Japan.

Two of the crewmen aboard the missing plane were from Ohio. They are William Michael Humbert Jr., Springboro and Dayton, and Albert Perry Martin, Delta.

SAN FRANCISCO (AP) — Harold Stassen dies hard. He dug a political grave for himself and Wednesday he jumped in. But when last seen he was still having political twitches.

Stassen, pure poison to most Republican politicians since he started his fight against Vice President Nixon's renomination Wednesday wound up seconding Nixon's renomination.

Then, without visible embarrassment about this gigantic switch, he predicted he'd be talking on political issues for years to come.

As a political force, Stassen has been going down for years. And here he landed in the basement. No one was ever more alone—or left more alone—than Stassen and his anti-Nixon drive.

He might have been able to recapture some stature—at least as a prophet—if he had remained quiet, once he had lost, and if the Eisenhower - Nixon ticket was defeated in the Nov. 6 election.

But he threw away that possibility when he stood—in full view of the convention and the national television audience—and backed Nixon with high praise.

His argument against Nixon had been that the vice president, running with Eisenhower, would cost the Republicans millions of votes.

No wonder he became poison to the politicians: not directly but by implication, he was raising the question of Eisenhower's physical ability to serve out another four years

For, in saying millions of voters would turn against an Eisenhower-Nixon ticket, he was saying millions wouldn't want Nixon for president if anything happened to Eisenhower.

The 49-year-old Stassen had been an immensely ambitious man. The national spotlight seems to attract him. He has been fluttering around it ever since 1940 when he was keynote speaker at the Republican convention.

Three times—in 1944, 1948, and 1952—he tried for the Republican presidential nomination. Three times he got his wings singed, finishing a poor also-ran.

He is not a man who stays quiet long. Steadily from 1944 to 1953 he had been making political speeches and public statements, advising both Democratic and Republican leaders what to do.

In 1953 Eisenhower gave him a government job. Most recently he has been the President's adviser on disarmament. In these jobs within the Eisenhower administration he hasn't had much opportunity for talking.

But a few weeks ago he broke through by announcing his drive against Nixon and suggesting Gov. Christian A. Herter of Massachusetts should be the Republicans' vice presidential candidate.

Herter hurriedly said he not only wasn't a candidate but would put Nixon's name before the convention. This didn't stop Stassen.

At once he said things looked better

Republican leaders crossed to the other side of the street to get away from him. They said they were all for Nixon.

So Stassen, without a candidate, came here to continue his fight. Pretty soon he found there weren't any delegates going along with him either—publicly, anyway. He gave up.

Another man might have simply kept quiet after this. Not Stassen. Under the bright glow of the spotlights he made a long speech for Nixon.

There are several places in the world's oceans where fresh water can be found. It comes from springs from subterranean rivers.

'Jet Age' Safety Program Moving

WASHINGTON (AP) — A three year, 250 million dollar "jet age" air safety program, accelerated by demands of modern aviation, was gaining flying speed today.

A Civil Aeronautics Administration announcement Wednesday pinpointed nearly 200 sites for installation of latest types of air navigation and traffic control equipment, beginning early next year.

CAA said contracts to be let by November will include 25 long range radar units costing between $750,000 and $1,009,000 each. Eventually 73 such units will be in operation, blanketing the nation.

Initial contracts, CAA said, will call for expenditure of a 75 million dollar fund available for the current fiscal year.

Weekly Food Review

By THE ASSOCIATED PRESS

Housewives nosing around for food bargains this weekend will find a variety of meats on sale—fried chicken, veal, lamb and ham.

No one store is likely to feature all four, of course, but all will be on sale at one store or another.

Sirloin steak and rib roast are up from 3 to 10 cents a pound in many stores, quickly reflecting record high wholesale prices for beef cattle. The wholesale peak was just last week, so the retail price may still be on its way up.

To balance the bee increase, pullet eggs are available at steep savings in many areas. This is the start of the "flush" season, when young chickens first start laying eggs, so the pullet eggs are more numerous.

One nationwide chain is selling pullet eggs at 33 cents a dozen vs. large eggs at 67 cents in the New York area.

Most vegetables also in good supply this week, with beans, cabbage, carrots, cauliflower and onions all rated as good buys. Salad staples such as lettuce, celery, cucumbers, onions and green peppers also have low price tags.

Peaches were reported a little high in price in some areas this week, but blueberries, cantaloupe and watermelons are good buys at most fruit counters.

Murder Charged

DAYTON (AP)—Lee Bryant, 40, of Dayton has been charged with first-degree murder in the rifle slaying of Thomas W. Barnes, 36, also of Dayton, last Monday night. Police say the slaying climaxed a quarrel stemming from a bet on a Cincinnati - Milwaukee baseball game.

Limits Picketing In Tiffin Strike

TIFFIN (AP) — Common Pleas Judge Ralph Sugure today granted a temporary injunction limiting the number of pickets to two at each entrance of the Lester Morton Trucking Co. terminal.

Morton sought the order against Teamsters Local 20 of Fremont. The firm, claiming it was the victim of a secondary boycott, said pickets followed its trucks to Toledo where they prevented unloading at plants of customers.

NYC Offers Its Stations For Sale

NEW YORK (AP)—The New York Central Railroad has put up for sale hundreds of passenger stations strung along its 10,700-mile system.

President Alfred E. Perlman said the Central would lease back whatever station space it needs for operations.

He added that sale of the station properties, which range from big termnals to the smallest branch line way station, would have no effect on the quality of rail service.

The Central said the decision to sell its passenger station buildings was made in an effort to reduce its passenger deficit, which it figured at $37,788,353 for last year.

A substantial part of this sum pays for maintenance and taxes on the railroad's extensive terminal properties, a company statement claimed.

Perlman said the Central was ready to consider any proposal for sale or long-term lease of 406 different stations. He said the only stations excluded from the offer are those in Manhattan and those not wholly-owned by the Central.

The largest properties included in the offer were the Buffalo, N.Y. Union Terminal and the Toledo, Ohio, terminal.

The Central identified the following Ohio stations as not part of the sale offer:

Union and Winton Place stations in Cincinnati; New York Central terminals in Cleveland, Columbus, Dayton, Crestline and Marion.

Raise Rates First

AKRON (AP)—The post office will never get out of the red until Congress raises postal rates, Asst. Postmaster General Ormonde A. Kieb told the National Federation of Post Office Motor Vehicle Employes Wednesday.

Discuss Elections In Lakers' Tieup

CLEVELAND (AP) — U. S. Steel Corp.'s strikebound Pittsburgh Steamship Division and two marine unions resume talks today on an acceptable way to hold back gaining rights elections.

"A little progress" was reported by spokesmen after a session broke up Wednesday night.

The Marine Engineers Beneficial Assn. and the Masters, Mates & Pilots Assn. are striking Pittsburgh and three other shipping firms for recognition. The engineers union wants to represent the licensed engineers, the other union the deck officers.

Bond Investors Find Yield Good As 'Blue Chips'

Industrial Issues Have Had To Raise Interest To 4 Pct.

By SAM DAWSON

NEW YORK (AP)—Rising yields on corporate and government bonds are bringing them today within kissing distance of the returns on some of the blue chip stocks.

Some investors, therefore, are finding the bond market more attractive these days than the stock market.

Industrial and utility firms floating bond issues recently have had to raise the interest rate they will pay to 4 per cent — the first time in years they have had to go so high. Other companies, balking at these rates, have turned to the commercial banks for loans, thus further tightening the money market and bolstering interest charges.

The yield on marketable government securities has been rising, too, although not as fast as on the top grade corporate issues.

Yields on stocks, on the other hand, have been shrinking in recent weeks. Bond dealers say the spread between the average yield on stocks and the bond average is now down to 33-100 of 1 per cent.

Yield is the measure of the return in dividends or interest on the money paid for a stock or a bond. The yield on many common stocks has fallen because the price has risen faster than the dividend rate. The yield on bonds has been rising because the price of bonds has fallen below par value, while the interest payment remains fixed.

Brokers say that one reason the price of government securities has been sliding in recent weeks is that the banks have been selling their holdings to get funds to lend to business at interest rates considerably higher than bonds pay. Now the price of marketable government securities has slipped far enough below par to make banks hesitate to sell their securities at a loss—another little twist to the tight money screw.

U. S. savings bonds aren't affected by the weakness in the bond market directly. They cannot be marketed, their redemption price is fixed and so is their yield. But as the yield rises on other government securities, on corporate bonds and other forms of investment, the savings bonds look less attractive. And sales of the H bond favored by the larger investors have declined.

Auto Traffic Good But Trucks Few On Indiana Pike

INDIANAPOLIS (AP)—Report from one day's activity on the 80-mile stretch of east-west Indiana toll road opened last Thursday:

Passenger car traffic above forecasts, truck traffic way, way below pre-opening day forecasts.

Albert J. Wedeking, executive director of the Toll Road Commission, said Tuesday 13,473 passenger cars used the newly opened stretch from the Ohio line to South Bend between 4 p. m. Friday and 4 p. m. Saturday. A rate of 12,371 a day had been predicted.

But the count of commercial vehicles for the road was 435 compared with a prediction of 5,290.

Wedeking said he does not expect full truck travel until the toll road is opened across the state.

An additional 60 miles west to Gary will be opened Sept. 17. The last stretch of the road to the Illinois line will be opened later.

Seeks Interstate Rating For US-21

COLUMBUS (AP)—The U. S. Bureau of Public Roads will be asked to include U. S. 21 from Canton to Marietta in the Ohio interstate highway system.

The state highway department has released a statement made four days ago by Director S. O. Linzell.

"I am giving U. S. 21 top priority over any other Ohio highway in such a consideration," Linzell said.

U. S. 21 between Canton and Marietta is 127 miles long. A study indicates it would be reduced to 100 miles on an interstate plan.

Thomas J. Sheehan, assistant district engineer of the U. S. Bureau of Public Roads, said several other states have requested additional interstate mileage and that Ohio's request would have to be handled along with the others.

List Of Jobless Remains Unchanged

COLUMBUS (AP)—The number of new claimants for unemployment compensation remained almost the same for the week ending Aug. 18 while continuing claims showed a slight decline, the Ohio Bureau of Unemployment Compensation has reported.

New claims totaled 7,493 as compared with 7,532 the previous week. Continuing claims dropped from 46,139 to 45,482.

New Township Is Created To Fix City's Problem

MEDNA (AP)—The Medina County commissioners have straightened out a problem in geography and taxation for residents of this city.

When Medina became a city a few years ago, it also remained in parts of four existing townships—Medina, York, Lafayette and Montville.

A resident of the city also was a resident of one of these townships. Each township had a different tax rate, so neighbors paid at different rates.

So the county commissioners created Boardman Twp., making its limits coincide with those of the city. The remaining pieces of the other four townships, outside the city, will continue in existence.

The new township was named in honor of a founder of this community, Elijah Boardman.

John Feels Gay On 104th Birthday

WARWICK, R. I. (AP)—John Savage danced a jig, admired a blonde on television, stuck his tongue out at a photographer and ate a huge meal on his 104th birthday.

Among his gifts were two quarts of brandy and a pint of gin.

ANY MEN ON MARS?

ON SEPTEMBER 7 the planet Mars will be closer to the earth than any time since 1924. It will be only 35 million miles away, or 5 million closer than two years ago.

This may seem of minor importance in the daily routine of most persons, but it is extremely important to astronomers. For they hope to clear up some mysteries about the planet at that time.

About 80 years ago an Italian astronomer detected some faint lines on the planet's surface. He labeled them "canali" or 'channels." Through popular oversimplification this became "canals" and raised visions of a great canal system built by intelligent beings to take water from the ice caps of the planet to create living areas.

Some astronomers since then have seen the "canals" or lines on Mars. Others have looked and failed to see them. This is one of the mysteries that may be cleared up next month.

If the lines turn out to be something other than "canals" and if the surface of Mars is found to be devoid of any kind of life—"little green men," lichens, underground worms or any of the other types suggested—then one of the terrors of life will be eliminated.

Then everyone can go back to worrying about earth's lower forms of life and how they may blow homo sapiens up with cobalt bombs. The only trouble is—what will they do with all those old movies about the "men from Mars" that still play some movie houses?

KNOWS WITHOUT ASKING

SENATOR ELLENDER of Louisiana, after visiting in Moscow, reports that Boss Khrushchev of the Russian communists contends there can be no easing of tensions and abatement of war fears so long as American air bases surround the Soviet Union. Americans who traveled in that country find that the same thought is uppermost in the minds of the Russian people.

Well, that's simple to fix on a cooperative basis to the gain of the Russian, the American and all peoples. Let the Soviet Union leaders quit the aggression which put America to the expense and trouble of installing the bases.

In the vacuum of disarmament after the war the Russians pushed out in all directions for territory. Red leaders said Russia was going to possess the world. Their minions caused tragic American bloodshed in Korea. They infiltrated every country in an effort to upset governments for selfish communist purposes.

Since self-survival is nature's first law, Khrushchev knows why the bases are in existence. He knows also how they can be eliminated. Their erasure would so reduce the burden of armaments that peoples everywhere could look to a far better way of life in the future.

The Russian dictators can have that any time they show that they want it.

Vacation season is drawing to a close, and the postman will soon be relieved of the task of delivering those sleeping-under-blankets-every-night postcards.

George E. Sokolsky's

These Days

The Vice Presidency is not more important today than it was when William McKinley ran for President and Theodore Roosevelt was nominated to the Vice Presidency to prevent him from making too great a nuisance of himself in New York State politics. It is no more significant today than it was when Calvin Coolidge was nominated because he put down a police strike in Boston, Massachusetts.

Those who are so exicted this year about this secondary position are stimulated by Eisenhower's ill health which may or may not continue. The Democrats can only be moved by the truism that all men are mortal and that ill health is not the exclusive characteristic of Republican Presidents, although all the Presidents who have been assassinated were Republicans.

Adlai Stevenson was correct in his attitude when he removed President Eisenhower's health as a campaign issue.

Richard Nixon is one of the few Vice Presidents who have been taken very seriously. Most Vice Presidents are ignored in or out of office. Who remembers Charles W. Fairbanks of Indiana, for instance? He was once Vice President of the United States, but why, I do not recall.

Nixon, however, has left an imprint as a member of Congress and as Vice President. He speaks things and does things and whether one agrees with him or not and whether one likes or dislikes him, nobody can ignore him. The Democratic Convention proved that, paying more attention to Vice President Nixon than has been usual in an opposition convention.

The leading Democrats know that Vice President Nixon has not been President Eisenhower's alter ego. Eisenhower has organized his office on the efficient basis of an army general staff with Sherman Adams as Chief of Staff and a large body of specialized experts as assistants. However, in the Eisenhower Administration, the Vice President has been an active member of the Cabinet and of the National Security Council, presiding over these bodies in the absence of the President.

The Vice President has also been sent to various parts of the world to represent the President and has been used in Washington to welcome and entertain foreign guests of the President. Under the staff system of the White House, it has been Sherman Adams, not Richard Nixon, who acts for the President.

It is likely that some of these new roles for the Vice President, initiated by President Eisenhower, will be continued by his successors, because it is logical that the Vice President should share some of the President's load if he is a suitable person for that purpose. Certainly, it is not expected that Kefauver would like to be a gavel-pounding dummy.

The opposition to Nixon has many motives, some of which are obvious. His activities in pursuit of Alger Hiss, when Nixon was a member of the House Committee on Un-American Activities, won him a host of friends and admirers among the anti-Communists, but also brought him many enemies among the friends of Alger Hiss and among those who felt that the Hiss Case was used to damage the reputation of President Roosevelt.

Nixon was projected into the 1954 Congressional campaign after the Republicans felt that they had been irreparably damaged in that canvass. He went into the fight as Harry Truman did in 1948, hitting hard and in all directions. The Democrats had taken the Eisenhower attitude of being above party seriously and expected that no fight would be left in the Republican Party.

(Continued on Page Ten)

A lightning bug produces light without heat, which is just the opposite of the campaign orator.

Challenge For Dr. Mays

A new novel by ELIZABETH SEIFERT.

© 1955, by Elizabeth Seifert. Reprinted by permission of the publisher, Dodd, Mead & Co., Inc. Distributed by King Features Syndicate.

CHAPTER 28

THAT NOON, looking entirely as usual, in striped T-shirt, clean old slacks, hair tousled, Chad Mays walked into the clinic. Charles Nolen had disappeared, and Newell McCrillis had easily returned to the anonymity of all reporters.

Dr. Mays seemed to think his unexplained absence was no matter for comment, and only shrugged when asked for an explanation of it.

He pushed the neatly stacked mail to one side, opened a drawer, got out a mashed candy bar and a handful of marbles. When Miss Barr came in he was eating the candy and making designs with the marbles on his desk blotter. Then he drew a length of what looked like adding machine paper out of his pants pocket, looked at it. Smiled.

"What's that?" she asked.

"List of incoming and outgoing calls from this office."

He didn't look at Hazel; he could feel her shock, sense the way she stiffened and then exerted care to control her expression. "I didn't know the board kept a record," she said faintly.

"Oh, sure." He tore the thing into little bits, across and across again. "What did Mrs. Van Horn want?"

Hazel licked her lips. "What everybody wanted," she said sulkily. "To know where you were."

Chad tipped back in his chair, grinned at his secretary and watched dull color seep painfully into her cheeks.

"A good memory," he said softly, "is worth so much!"

Then: "I've set up a lot of operations here in the clinic," he said thoughtfully, "all designed to dovetail, to function interdependently. They let me check, and recheck. I came here to get this thing in running order, to mesh its operations to as near *perfect* operation as possible."

Still watching her, he saw that she was recovering her poise. "You've done a wonderful job," she purred.

"It's not bad for ten weeks." He tipped way back in his chair. "We've screened about fifteen hundred people. Of that number, five hundred were found to have symptoms of various diseases. Sixty-nine were found to have heart and blood vessel disorders needing care. Three had chest disorders, and one needed surgery for a growth in his chest. He already has been operated upon. Successfully. Our chest reports alone seem to justify the clinic."

"It would be such a shame," purred his secretary, "if your fine start should be lost."

"Yes," agreed Chad, "it would be."

She moved closer to his desk. Leaned toward him. "Do you think . . .? Oh, Doctor, is there a real chance—a danger—of that lawsuit hurting you?. The Directors have called a meeting for this afternoon. *They* must be worried."

He smiled at her, his teeth flashing. "Any doctor can make a mistaken diagnosis," he pointed out. "A group of them increases that possibility. All with the best intentions."

"Did they make a mistake in the case of that woman?"

"I don't know. But the suit has already hurt us. And the attendant publicity. Our business has decreased too sharply to deny the connection. The point is, Barr . . ."

She sat lightly on the corner of his desk. "Don't worry, Doctor . . ."

She smiled and leaned toward him to pat his shoulder. It was a rotten shame, her rich voice assured him, that a man like himself should be at the mercy of maybe only a single careless and incompetent doctor. But that being true, he surely should not let the thing hurt *him*. He was just too vulnerable. Medicine—as practiced these days—was too much a matter of dog-eat-dog. An idealistic man like himself . . .

His receptive smile increased her confidence, and she spoke ever more intimately to him. Her hand fell upon his shoulder, she leaned downward to him. She smiled. . . .

And he—

It *was* something like a game, he thought. Like tennis. A swift, cross-court game, played between two skilled and strong players, the woman ever bolder, the man watchful, alert, swift to seize the chance, to take the initiative.

Soon they were on their feet, standing close. Chad's arm drew her against him. She pressed her cheek against his.

One might have said they played their game in unison, that neither opposed the other, nor the purpose, that each strove for the same point . . .

Chad, she thought, was just like all men. She had known *that*, from the first. She knew the kind of women he liked, too. She hadn't therefore believed any of the gossip linking his name with Lacey Van Horn's . . .

The red head sensed triumph, the red lips pouted, invited . . .

And upon the glass-topped desk the telephone rasped loudly, insistently.

Hazel pressed closer, and Chad looked around at the offending instrument with a frown. Then he reached for the phone; he was whistling softly.

"Mays here," he said. Listened. "Of course. Send her in."

He put the phone back, tenderly, drew Hazel roughly against him, kissed her cheek roughly, bruisingly and roughly pushed her away.

"Mrs. Milburn," he said coldly. "Get that smirk off, but quick!"

"And you . . ." she said liltingly. She walked into the outer office. Chad sat down again at the desk, the back of his hand rubbing at his jaw where the woman had nuzzled him.

Alice Milburn came in, all beads and ruffles and French perfume. Hazel's eyes were primly respectful as she murmured the rich woman's name, and gently closed the door behind her.

Chad got to his feet, seated his caller, resumed his chair. He let Mrs. Milburn do the talking. She asked where on earth he had been, no one could seem to locate him—and how was the clinic going? John Blandin had told her that it was better for everyone to keep hands off with Dr. Mays, and she had tried—but *really!*

What did he think about that lawsuit? Did he know about the Directors' meeting at four? What makes you men hire women like Miss Barr? No, no, he'd better not tell her. She guessed she knew . . . She did hope that Chad was smart enough to watch the girl—eh?

Chad waited. Obviously Mrs. Milburn had other things on her mind than the clinic, and Chad's red-haired secretary. She'd get around to them, just as she'd stop adjusting her bracelets, tucking a stray curl back beneath the web of her white veil, using her store of smiles and glances. Alice's chatter fell into a slower rhythm; the ringed hands moved ever less—and less.

"I came," then said Mrs. Milburn, softly, plaintively, "to tell you that Lacey is planning to go away. To leave."

You're Telling Me!

By WILLIAM RITT
Central Press Writer

The Democrats accuse the GOP of fostering bigness, and there may be something to it. For instance, when they went in for generals they got the biggest there was.

The Democratic platform accuses the GOP of not offering "a single concrete new idea" in world affairs. Furthermore, anyone can see relations have not been cemented.

It isn't that the Democrats think the house is divided against itself. It's just that the tenants aren't getting along with the neighbors.

The Democrats commend Congress for "the greatest program for expansion of our highway network in history." And they hope the Republicans hit the road.

Everybody who is anybody in the GOP hit the road for San Francisco. Except John Foster Dulles, who is always somewhere else.

It's strange, the sedateness of the San Francisco convention compared to Chicago. After all, most of the delegates went farther away from home.

The only real shock for the Republicans in San Francisco was curb parking. Some of them could see how close they were to being over the hill.

Excluding Alaska, the most westerly point in the United States is Cape Alva, Washington.

There may be as many as 100,000 worker bees in a big hive.

Fish caught annually in the United States amount to four and three-fourths billion pounds.

The Amazon river is 50 miles wide at its main mouth.

LAFF-A-DAY

"Gentlemen, I wish to announce a merger."

Looking Back In Pickaway County

FIVE YEARS AGO

Ervin Leist, public utilities manager, stated that city water would be treated to get rid of the rust and discoloration.

Miriam Bach, 15, and Ronald Rivers, 17, both of Monroe Township, were named as healthiest 4-Hers in the county.

A Columbus firm was awarded a contract to construct a cafeteria in the basement of the high school.

TEN YEARS AGO

Blue Ribbon won the night softball title by blanking Stansbury-Stout 3 to 0.

City schools' opening was set for Sept. 12.

"Stinking smut", a grain disease, damaged about 25 percent of the county wheat crop.

TWENTY-FIVE YEARS AGO

Maizo Mill in Circleville was closed by a court order as the result of a civil action.

A chicken laid an egg in the choir loft of the Mt. Sterling Presbyterian Church during a worship service.

H. White Campbell, a Williamsport banker, was injured fighting a blaze while a member of the volunteer fire department.

Try, Stop Me

At the country estate of a distinguished Doubleday editor, a small boy's head appeared over the fence, and a meek voice inquired, "Please, Mr. Beecroft, could I have my arrow back?"

"Certainly, my boy," responded the editor with that spontaneous love for the young that has made him famous. "Where is it?"

"I think," said the small boy, "that it's stuck in one of your cats."

Correspondent at the Congressional Library in Washington vows he heard a Westerner in a broad-brimmed sombrero call to his wife, "Hey, Jennie, come over here and look at this Gettysburg Bible!"

The four-year-old daughter of Ad-man Philip Covington, outside Westport, Conn., asked her father how she might catch a bird. "Sprinkle salt on its tail," he advised. That evening she came home with four birds.

Outfitters To The Stars

By HAL BOYLE

NEW YORK (AP)—Today's success story:

One of Broadway's most successful showmen never sang a mammy song, played Hamlet, or wowed the nation with a catchy punchline.

He is Cye Martin, an ex-shoeshine boy who has carved himself a profitable career as clothier to their royal majesties, the "top bananas" of the entertainment world.

At 13, as stage-struck as "any cluck from Keokuk," Cye came down from the Bronx and set up a shoeshine box outside Lindy's restaurant at 51st and Broadway. Soon the awed kid was brushing the brogans of Eddie Cantor, Lee Shubert, George Jessel and Bert Lahr.

"I charged a dime," he recalled, "but they usually flipped me four bits or a buck."

Cye then worked as a candy butcher in Times Square burlesque houses when Milton Berle, Red Buttons and Jackie Gleason were young comics in the bump-and-grind industry.

Then, after 16 years as a clothing salesman, he opened his own store—next door to Lindy's only a few feet from the spot where he had first pitched his shoeshine stand.

Broadway, where every feller needs a friend and the first law is palship, stuck by Cye.

"Jackie Gleason bought 75 suits from me the first three years I was in business," recalled Cye. Today his clientele includes such show world notables as Berle, Jerry Lewis, Dean Martin, Tony Bennett, Jack Leonard, Sammy Davis Jr., Frank Sinatra and Eddie Fisher.

Men performers are as clothes conscious as women — the top earners spend $10,000 a year or more on their outfits—and for a very good reason.

"Their clothing is as important to them as their material, their music, or any other part of their importance," said Cye.

"The days when Broadway figures wore long key chains, bell-bottom trousers and bright yellow shoes are over. They dress smartly now, partly because television requires it."

Cye, whose store is in the former entrance to the Mark Hellinger Theater, runs it like a Broadway production. He even uses theatrical lighting for his windows.

He believes Sinatra is currently the best-dressed man in show business, and keeps a wooden model of "The Voice" handy, so that he can custom tailor new suits for him and send them to any part of the globe Sinatra is visiting.

"Most top performers buy 15 to 20 suits a year," he said, "at $165 to $225 each. They like their suits tailored, but most of them buy their sport jackets off the rack."

Recently Leonard, who dieted down from 330 pounds to 205, had to give away a 40-suit wardrobe.

"Now I buy a tie for dessert," he told Cye.

45 Gather For Inspection Of Scioto Valley Grange

Judge Cline Gives Talk At Session

Forty-five members gathered for the latest meeting of the Scioto Valey Grange, which featured a covered dish supper.

This session was the group's annual inspection. County Deputy John Dowler and Mrs. Dowler, juvenile matron, were the inspecting officers.

Plans were discussed for a trip to a radio program and several members were selected to appear on the show, September 1. Final plans for the trip will be completed at the next meeting.

"Youth was the theme of the program for the evening. Mrs. Roy Krieger, acting lecturer, introduced Judge Guy Cline.

Judge Cline, a Grange member, presented a talk on the various phases of the duties of his job as Pickaway County Probate Judge.

A vocal solo was given by Carol Sue Doersam entitled, "What Is To Be Will Be." She was accompanied by Carolyn Forshey.

A group of eight young men, who have formed a popular dance orchestra, entertained with a group of old and new musical selections. Arthur Mershon played several accordion numbers.

The next meeting will be held August 28, when Mr. and Mrs. William Defenbaugh will give a talk and show pictures of their trip to India.

Fish Dishes Give Change To Meal

Ground nuts give an unusual exotic flavor to a tuna fish dish that is outstanding.

Make a cream sauce, melting four tablespoons butter and stirring in four tablespoons flour, ¾ teaspoon salt, dash of pepper.

When well-blended, gradually add two cups milk, cooking until thick.

Add one cup ground nuts, preferably almonds.

Cut one canned pimiento strip in small pieces and add to sauce.

Flake a 13-ounce can tuna fish and add to white sauce.

Pour in greased baking dish, garnish with one pimiento strip and four almonds on top. Bake at 350 deg. F.

Baked codfish cakes are nice for a change! Cook one cup shredded codfish and 1½ cups sliced, raw potatoes in boiling water to cover.

When potatoes are soft, drain, beat mixture and add one cup milk, tablespoon butter and salt and pepper.

Fold in three stiffly beaten egg whites to which ½ teaspoon baking powder has been added. Drop into buttered muffin pans and bake at 375 deg. F.

Beat two cups of milk and a pint of soft chocolate ice cream together with a couple of tablespoons of instant coffee powder for a hot-weather treat. Serve in pretty glasses.

Do not cover meat if you are pan-frying it, and cook it in the smallest amount possible of fat.

Approximately 55 Attend Reunion Of Smith Family

Approximately 55 relatives from Springfield, Pataskala, Kingston and Circleville attended the Smith family reunion, held in the home of Mr. and Mrs. Willard Whaley of Fox.

The picnic dinner was served on the lawn and entertainment was furnished during the afternoon by Ronnie, Joan and Shirley McNeal, who sang hymns. Horseshoe pitching and ball games were enjoyed by the men.

Those attending were: Mr. and Mrs. Herman Smith and Richard, Cecil, Honor and Lilly; Mr. and Mrs. John Coey and Beverly and Louise; Mr. and Mrs. George Whaley and Donna, Ellen and Debby; Mr. and Mrs. Edward Whaley and Joyce and Shellie; Mr. and Mrs. Harold Edwards and Terri and Mr. and Mrs. Kenneth Sowers Jr. and Denny and Penny.

Others present were: Mr. and Mrs Harry Garrett Jr. and Kandy; Mr. and Mrs. Honor Smith and Mary, Betty and Roy; Mr. and Mrs. Richard Whaley and Rosemary, Charles, Sally, Sharon and James Clifford; Mr. Russell Whaley; Mr. and Mrs. Pearl Whaley and Larry, Bobby, Patrick, Steven and Vicki Lynn and Mrs. James Whaley and Joan.

Guests for the event were: Mr. and Mrs. Kenneth Sowers Sr. and Mr. James Kaiser.

* * *

Southern Tour Enjoyed By Three

Mrs. Ira Valentine, Mrs. Fannie Friend and daughter, Mary Ellen, have just returned from a motor trip through the Blue Ridge and Alleghany mountains and the southern states.

They visited Mr. and Mrs. Donald Friend and family of Greensboro, N. C., and Capt. and Mrs. Charles N. Valentine and family of Ft. Bragg, N. C.

They also visited: universities, colleges, hospitals, textile mills, tobacco factories, oil refineries and many other historical buildings.

They spent some time on the beach near Wilmington, N. C., before returning home by Kentucky.

4H CLUB

The 11th meeting of the Duvall Go-Getters Livestock 4-H Club was held in the home of Joe Caldwell with Nancy Cromley, president, presiding.

Final plans for the community were made and Kate Cromley was chosen to represent the club as Queen at Pickaway Fair.

Billy Reid gave a demonstration on "Colts," and Martha and Kathy Courtright demonstrated "The Feeding of Hogs."

Club members who plan to exhibit at Ohio State Fair are: Cindy and Marty Young, Carol, Billy and Terry Reid, Joe Caldwell, Eddie Dountz, Kate Cromley and Bob Peters.

The group discussed the outcome of the picnic and tour, which had been held.

Members worked on their project books during the remainder of the evening. Refreshments were then served by the host.

* * *

The 10th meeting of the Washington Hillclimbers 4-H Club was held. The session opened with Myron Leist leading the group in the 4-H pledge.

Members purchased shirts with the club name on them and road signs were given to the group to be placed around the county.

The group planned to start their club tour from the home of Roger Rase, and David and William Penn will be hosts for the next meeting.

Solaqua Garden Club Members Conduct Meet

The Solaqua Garden Club held its monthly meeting in the home of Mrs. Russell Perrill.

The session opened with the scripture reading by the hostess and the praying of "The Lord's Prayer" in unison.

The club's new president, Mrs. Hott conducted the business meeting.

Feature of the afternoon was the guest speaker, Edna Perrill Adel of Groveport, who gave a talk on bells. She has a collection of 450 bells, which she has obtained from parts all over the world.

The speaker told the history of bells, from the Temple Bells of India to the lowly cow bell. She reported that Paul Revere's family were the best makers of bells in the United States.

The speaker also told that a bell rings every minute some place in the world and that bell ringing dates back to the time of Christ.

Refreshments were served by the hostess and Mrs. Homer Peters, co-hostess.

Guests for the meeting were: Mrs. George McDowell, Mrs. George Messick, Mrs. Ernest Martin, Mrs. George Cummins, Mrs. Dave Drummick, Mrs. Parker Cook, Mrs. Gordon Perrill, Mrs. Wiemer Perrill, Mrs. Anna Schieser, Miss Mary Francis Decker, Mrs. Amy Scothorn, Miss Judy Huston, Miss Sally Hines and Miss Merriellen Downs.

Local Art League Holds Meet In Montelius Home

Members of the Circleville Art League met in the home of Mr. and Mrs. H. E. Montelius of Circleville Route 1.

For the evening's program Mr. Montelius showed slides and described the Breakers, which is the Vanderbilt mansion in Newport, R. I.

Richard Morris Hunt, architect, carried out Cornelius Vanderbilt's idea of a Summer residence, modeled after the renaissance period.

The North Italian villas of Genova and Turin were used as models for the mansion. The remarkable part of the undertaking was that it only took two years to build and parts were secured from different places of the world.

Mr. Montelius also told that the mansion has four floors and consists of 70 rooms. He showed slides of: the ladies reception room, great hall, grand stair case, grand salon, library, morning room, billiard room and the Flemish tapestry.

During the business session the group decided to sponsor the Juvenile Fine Art display at the county fair, which is in charge of Martha Reid.

Mrs. Roy Wood and Mrs. Edwin Bach Jr. were appointed to be in charge of the Pumpkin Show. The group discussed having a float in conjunction with the Junior Art League.

At the close of the meeting the host served refreshments.

Why "Good-Time Charlie" Suffers Uneasy Bladder

Such a common thing as unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery — don't wait — try Doan's Pills.

Doan's Pills have three outstanding advantages—act in three ways for your speedy return to comfort. 1—They have an easing soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

By MRS. LEORA SAYRE
Home Economics Agent
Extension Service

It's plum pickin' and eatin' time! So if we put in a thumb, accompanied by the neighboring fingers at the market, fruit stand or orchard, and pull out a sack of plums—we will be just as brave, or lucky, as Jack Horner.

The early colonists found plums from New England to Florida, but before the colonial period, plums were eaten by Italians.

August is a good time to put plums at the head of your shopping list, because this is the month when supplies of plums are at their peak. Fresh ripe plums, homegrown and shipped in, are in plentiful supply on most markets now. Consumer specialists tell us that California, a major plum shipping state, is expecting a nine percent larger crop than last year and a 20 percent larger than the average crop.

Whether you prefer red, yellow or purple plums, the specialists tell us that plums of good quality will be plump, clean, fresh in appearance, full colored for the variety, soft enough to yield to light pressure and free from decay. Softening at the tip is a good indication that the plum is ripe.

* * *

Plums have the largest number of varieties of any of the stone fruits. The most common varieties found on the markets are:

SANTA ROSA—a large conical, purplish-crimson colored plum. Its flesh is yellow to dark red near the skin. It is juicy with a pleasing but, somewhat, tart flavor. DAMSON—a small oval, black plum used principally for jellies and jams. GREEN GAGE—a group of plums rather than a single variety. They are small, oval, green or yellow-green, with a tough skin. The flesh may be either greenish yellow or golden yellow. They are sweet, juicy and firm. ITALIAN and GERMAN PRUNE — medium to large with a dark blue skin. It has a pleasing, tart flavor and a firm flesh. STANLEY—a large dark blue freestone plum. The flesh is greenish-yellow iin color and firm. PRESIDENT—a purple plum when ripe. It has a firm, red flesh. WICKSON—a large heart-shaped plum. The skin is yellow overlaid with a whitish bloom that, ripens to a yellowish red. The flesh is bright yellow. It is juicy and has an excellent flavor

Plums are not good keepers. Once ripe, they spoil rapidly at room temperature. Use plums as soon as ripe or store in the refrigerator for only a day or two, because flavor deteriorates rapidly.

With very few exceptions all plums are canned with pits. Removing of pits is difficult and the resulting fruit is not as attractive in appearance. Canned, unpitted plums should not be held over from one year to the next.

* * *

Plums have a refreshing tart sweetness that make them ideal for pies, stewed fruit, preserves, jellies and jams. They are tasty in ice cream, Bavarian creams, cakes, tarts, Kuchen, salads, (Betty variations,) porridge, dumplings and puddings. Then quite naturally they are good to eat out-of-hand, between meals.

Following is a guide to the quality to purchase: one pound, six to 10 medium plums or less than one pint; one crate, 27 pounds, 19 to 28 pints; one bushel, 56 pounds or 38 to 56 pints.

Most Plum Puddings are without plums! Here is a pudding recipe which specifies Italian Plums: Arrange one pound Italian plums, halved and pitted in the bottom of a greased casserole and sprinkle with ¼ cup sugar. Blend one cup flour, one cup sugar, 1½ teaspoon baking powder, and one teaspoon salt; add one well beaten egg and mix together well. Spread this batter over the plums and bake in a moderate oven for 30 minutes or until lightly browned. Serve with plain or whipped cream.

* * *

School days will soon be present and it is time to think of those regular "milk breaks" all students should have. "More children ought to have the chance to drink more milk." This was stated in a law that will expand the Special Milk Program to include non-profit nursery schools, camps, and settlement houses, as well as schools.

The special program was in effect in about one-third of the schools in the United States last year. These youngsters drank something like one billion, four hundred million half-pints of milk, enough to make a line of milk cartons twice around the world.

Ants, caterpillars, cicadas and other insects, as well as various dishes compounded of snake meat, are included in the native diet of the Australian bush.

IT'S the LAW

This is another in a series of articles prepared by the Pickaway County Bar Association and printed by The Herald as a public service. The articles are not intended to answer the legal problems of any specific individual. And names, whenever used, are fictitious. Purpose of the series is merely to outline the law that applies, with variations, in common types of litigation.

Indictment Is Not Same As Contion By A Court.

What does indictment by a grand jury mean? We are inclined to confuse indictment by a grand jury with a court conviction for the crime. This is unfair to anyone who becomes the subject of a grand jury investigation.

Justice, in the United States, is based on the theory that man is innocent until proved guilty, and public opinion should withhold its verdict until the courts have had an opportunity to determine guilt or innocence.

An indictment is only a written accusation presented by a grand jury to the common pleas judge assigned to it. It charges some person or persons with a crime. It is not a conviction.

When a grand jury indicts a person, it merely affirms that there is sufficient reason for him or her to stand trial. That is as far as the grand jury goes. After that, the judge and trial jury take charge of the case.

* * *

THE IMPORTANCE of a grand jury verdict is this:

If it votes to indict, the prosecuting attorney must prosecute the person indicted.

If the jury votes not to indict, the suspected person cannot be tried.

In most cases, the prosecuting attorney informs the grand jury of persons or crimes to be investigated and produce the evidence for it. However, the jury is free to order any further witnesses it may wish to hear brought before it, and is by no means limited to the evidence the prosecuting attorney produces. It is even possible for the grand jury to investigate persons or crimes without the prosecuting attorney's help.

The grand jury is one of the basic protections enjoyed by the common man against outrageous procedures by would-be tyrants, and dates from early Anglo-Saxon times.

When called for a grand jury you share with your fellow citizen some of the most solemn responsibilities known to our democracy. Action of almost life-or-death importance may hinge upon your vote.

A grand jury cannot require a suspect to testify before it. If it does, and he is indicted, the court would have to dismiss the case against him.

Suspected persons sometimes ask to be allowed to appear before a grand jury to testify in their own behalf. They may do so and still be prosecuted and convicted, provided they sign a waiver of their constitutional rights.

Withhold Technical Aid To Egyptians

WASHINGTON (AP)—The United States has halted the normal flow of foreign aid technicians to Egypt and has taken steps to hold up delivery of some 20 million dollars worth of heavy transportation equipment.

These twin moves have been ordered by the International Cooperation Administration as a precaution, pending settlement of the bitter Suez Canal dispute.

Responsible officials said some "minor" foreign aid shipments are continuing.

Further, they said, the United States has no intention at present of closing down its 102-man foreign aid mission in Cairo.

Exploration Of Ocean Deep Is Announced

WASHINGTON (AP)—The National Geographic Society said today it has explored with cameras and other equipment one of the deepest parts of the Atlantic Ocean, the Romanche Trench.

The announcement said the research ship Calypso was anchored successfully in water 24,600 feet deep, "undoubtedly the deepest anchorage ever achieved."

The anchor, held by a nylon rope less than one-half inch thick, kept the 142-foot-long ship "steady as a rock," the society announcement said.

The Romanche Trench is midway between the bulges of the African and South American continents. Sonar equipment and special cameras were used to survey its depths.

The cameras, which were lowered on nylon cables less than one-quarter inch thick, will be opened and the film developed after the Calypso returns to port at Marseilles, France, Aug. 27.

The ship is a former U. S. minesweeper now under command of Capt. Jacquesyves Cousteau, a Frenchman cooperating in the National Geographic project.

If the survey of the Romanche Trench is successful, as appears likely, the society—in cooperation with the French government and Capt. Cousteau—plans to explore the deepest "deep" of all—the Challenger Depth in the Pacific near Guam.

It lies under almost seven miles of water—35,640 feet deep at its lowest trench.

To Graduate 172

CINCINNATI (AP) —The University of Cincinnati will award 172 degrees and certificates at its annual summer commencement Saturday. That will be 51 more than were conferred at the 1955 summer commencement.

Driver's License Is Lost For Life

SPRINGFIELD (AP) — Early J. Brincefield, 38, of Springfield, has lost his driver's license for life.

Municipal Judge Ben J. Goldman called Brincefield's record of traffic violations "one of the most flagrant that has come into this court in several years."

Brincefield, who pleaded guilty to operating a motor vehicle while his driver's license was suspended and to driving while intoxicated, was also sentenced to 150 days in jail and fines totaling $800.

Brincefield's penalties for traffic violations include fines totaling more than $1,000 and some 140 days in jail since 1951.

Delay Decision On Cedar Point Park

SANDUSKY, Ohio (AP)—The Ohio Legislative Service Commission has postponed any recommendations on a proposal to turn Cedar Point into a state park until an Erie County court case is decided.

The 10 - member commission, headed by Rep. F. K. Cassell of Carey, met at Cedar Point Wednesday to hear the thoughts of Sandusky area leaders on the proposal, but accomplished little. Cassell said another meeting would be held before the State Legislature convenes in January. The commission is to make recommendations to the Legislature.

Pending in the Common Pleas Court is a plan for a real estate snydicate to purchase the resort area from a trust which owns 51 per cent of the common stock in the B. A. Boeckling Co., owner of the point. The real estate snydicate intends to turn the land into a residential development. The deal, however, is subject to approval of the Erie County Court.

As A Production, This GOP Convention Lacking Polish

By SAUL PETT

SAN FRANCISCO (AP)—Don't accuse the Republican National Convention of being dominated by Madison Avenue.

Madison Avenue might sue.

Certainly, the advertising and public relations experts who are helping can't be too happy with the way the convention has been put on stage. As a production, the show needs more work, more polish, better timing.

The women talked too long and the Cabinet members were practically talking to themselves while being upstaged by a fellow named Eisenhower. Somebody fell off the beam.

However, this reviewer liked the Herbert Hoover role.

He was greeted by five minutes of warm applause and dancing signs that said, "We Love You, Mr. Hoover." It was the first big emotional moment of the convention.

* * *

FOUR YEARS ago, the ex-President told the Republicans it was probably the last time he'd address them in convention.

And here he was, back again Tuesday night at 82, making quiet little jokes about the actress who made six tearful farewell appearances.

Hoover stood blinking under the lights, his thinning hair a yellow-white, his eyes lost under wispy white brows, a small wry smile playing over his eyes. Made you think of a benign bond Buddha.

He thanked the delegates but there were no tears, no break in his voice. He read from the teleprompter in his own slow, deliberate pace. He tolerated the applause but rarely looked up.

Hoover left stage center and the women took over.

As each lady speaker came up, she was followed by a girl in white carrying a sign announcing the subject.

The emcee said, "And what word do you have for us, Frances?"

And the lady speaker said, "My word is most beautiful — peace." And while she talked of peace, the girl held up a sign saying, "Peace."

* * *

AND THE emcee said, "And what is your word, Mary?"

And Mary said, "This is the word I speak — Unity." And the girl held up a unity sign.

Between appearances, George Murphy, the actor turned politician, was madly signaling the band for the appropriate music.

And as each speech ended, the girl with the sign went down on the convention floor before the platform

And when all the speeches were done, the girls suddenly flipped the signs over and, lo and behold and heavens to Betsy, all the signs, using the first letter of each speaker's subject, now spelled "Republican women."

This definitely wasn't a slick Madison Avenue job. Reminded me of a jazzy pageant we put on in the seventh grade.

One boy came dressed as a book, symbolizing "knowledge." A girl dressed as a tree symbolized "nature," and I was a big black chunk of coal for "power." The reviewers panned that one too.

Sokolsky's
These Days

(Continued from Page Six)

They took the view that it made little difference to Eisenhower whether Republicans or Democrats were elected to Congress. Nixon was a surprise. Although he did not win the Congress, he cut Republican losses and emerged as a leader.

But the attacks on him are really indirect attacks on Eisenhower. However, as the Democratic Convention proceeded, the attack on Eisenhower became increasingly more direct and indicates that the campaign will be sharp and focussed and the target will be Eisenhower.

All the talk of the importance of the Vice Presidency in the Democratic Convention was designed originaly as an attack on Nixon, but it began to look as though the Democrats had no arguments against Eisenhower and took a lesser target. Stevenson hit at Eisenhower in his acceptance speech.

The open convention at Chicago will not affect the Republican situation at San Francisco because according to information that reached me, Nixon has a pledge of 900 votes which, of course, is more than enough.

Nothing Learned In Exhuming Of Riesel Attacker

NEW YORK (AP)—A police officer has reported that the body of a slain hoodlum linked by the FBI to the acid blinding of labor columnist Victor Riesel was too decomposed to determine whether the face had acid scars.

The body of Abraham Telvi, 22, was exhumed Tuesday from a Queens cemetery, where it had been buried in a wooden coffin July 28.

Dist. Atty. Frank S. Hogan obtained a court order for an examination of the body in his own investigation of the Riesel case and Telvi's death.

The FBI has charged that Telvi was hired to throw acid in Riesel's face last April 5, and in doing so was splashed with acid. The FBI said the acid left scars on Telvi's face and he was slain because he bore the tell-tale marks.

The police officer, who declined use of his name, confirmed reports that Telvi's body had not been embalmed. A policy autopsy report made shortly after the body was found made no mention of acid scars on Telvi's face.

Jennifer Back To School; Heart Fixed

CLEVELAND (AP)—Thirteen-year-old Jennifer Vanzoest will be going back to school in Celeryville in a few months with a patch in her heart. Doctors say she'll be able to run and skip rope with the rest of the children in the Huron County community.

A few years ago, Jennifer would have been doomed to an early death. Now, because of an operation which has become almost commonplace, she can look forward to a normal life.

A cross-circulation pump, which keeps blood moving through the body while surgeons work on the heart, is the key to the operation.

Jennifer was born with a defective heart. The passageway from the bottom part of the upper chamber of the heart to the top part of the lower chamber was undeveloped.

To correct this, a patch of a spongy material 2 inches by 1¼ inches was placed over the abnormal parts. Tissue grows over the patch and the heart develops normally.

Jennifer is at Marymount Hospital, where Dr. John J. Kralik worked inside her heart Monday morning for 43 minutes. By Tuesday evening she was walking short distances. Dr. Kralik says she'll be completely healed in about two months.

Someone Dissents

SAN FRANCISCO (AP)—Seen on San Francisco's Post Street: An Eisenhower bandwagon car with its big "Let's back Ike!" sign sabotaged. An "S" had been painted neatly over the "B".

Dividends Increase During Early '56

WASHINGTON (AP) — Cash dividend payments to stockholders were 15 per cent higher during the first seven months of this year than in the same period in 1955.

A survey by the Commerce Department, limited to corporations issuing public reports, showed cash dividends paid by these firms through July amounted to $6,100,000,000. This compared with $5,300,800,000 in the January-July period of booming 1955.

July dividends amounted to 732 million, a gain of 63 million over that month last year.

NOTICE TO CONTRACTORS
STATE OF OHIO
DEPARTMENT OF HIGHWAYS
STATE HIGHWAY
PURCHASING OFFICE

Legal Copy No. 56-554
Requisition No. 6244
Invitation No. 336
Project No. 918-56

UNIT PRICE CONTRACT

Sealed proposals will be received from prequalified bidders at the State Highway Purchasing Office, Room 808, Ohio Depts. Bldg., Columbus, Ohio, until 11:00 A. M., Ohio Eastern Standard Time, Monday, September 10, 1956, for furnishing all services, labor, material and equipment necessary to apply T-30, T-35 asphaltic concrete surface course according to State of Ohio Department of Highway Construction and Material Specifications dated Jan. 1, 1955, as directed by Division Engineer, in accordance with the plans on drives and parking areas for Department of Mental Hygiene and Correction, Columbus State Hospital, Franklin County, Ohio, and Orient State Institute, Pickaway, County, Ohio.

Proposal No. 1
Columbus State Hospital, Franklin County, Ohio. 11,167 sq. yds., 1.15 miles.

Proposal No. 2
Orient State Institute, Pickaway County, Ohio., 47,492 sq. yds., 4.25 miles.

Completion date: 30 days after notification.

The bidder must submit with his bid a certified check in the amount of $1800.00.

The minimum wage to be paid to all labor employed on this contract shall be in accordance with the Schedule of Prevailing Hourly Wage Rates Ascertained and Determined by the Department of Industrial Relations applicable to the State Highway Improvements in accordance with Sec. 4115.03 thru 4115.07 of the Revised Code of Ohio.

Before issuing a contract the successful bidder will be required to furnish bond in an amount equal to one half of the cost of the work.

Plans and specifications are on file in the State Highway Purchasing Office, Columbus, Ohio, and the State Highway Division Office, E. Williams St., Delaware, Ohio.

Prequalification: Bidders must apply for prequalification with the department at least 10 days before the date set to open bids. Information pertaining thereto, and prequalifying blanks may be obtained from the Highway Credit Examiner, Room 907-E, Ohio Depts., Bldg., Columbus, Ohio.

Bidding forms will be forwarded from the Purchasing Office upon request.

The Director reserves the right to reject any and all bids.

S. O. LINZELL,
State Highway Director

Friendly Cards Keeping Brooks In League Race

Champs Win Again To Narrow Gap Behind Milwaukee

By THE ASSOCIATED PRESS

Don Newcombe, with 19 victories, and Duke Snider with 33 home runs, have been big guns for Brooklyn's world champions, but where would the Dodgers be without those friendly St. Louis Cardinals in the National League pennant race?

The Brooks have won more games from the fourth place Cards than from any other club—mainly because the Redbirds have kicked in 20 unearned runs in their 20 games.

It was the same old story Wednesday night as the Dodgers scored four unearned runs to beat St. Louis 5-3 for a 15-5 season mark against the Cardinals. The Dodgers edged within two games of first place Milwaukee, beaten 2-1 by the last place New York Giants.

The victory kept the Dodgers a full game ahead of the Cincinnati Redlegs, who defeated Pittsburgh 6-3. The two challengers meet in the opener of a three-game series at Crosly Field tonight with Newcombe going for No. 20 (opposing Johnny Klippstein).

Chicago's Cubs defeated Philadelphia 8-3 in the other NL game.

In the American, the New York Yankees defeated Cleveland 3-2 on a double error by Al Rosen on one play that lifted the Yanks back into an 8½-game lead over the second place Indians. The third place Chicago White Sox split a day-night pair at Boston with Billy Pierce winning his 18th with a 6-3 decision over the Red Sox, who then came back to win 7-6 and move within six points of the Chisox.

Detroit peppered Washington 9-3. Kansas City defeated Baltimore 7-2 in 11 innings.

Kiwanis Nine Wins Little League Title

Champs Post 10-8 Victory Over Jaycees In Extra Inning Game

Kiwanis, by virtue of a 10 to 8 victory over Jaycees in an extra inning thriller, earned the Ted Lewis Park Little League championship of 1956.

At the end of six regular innings of play the score was knotted 8 to 8. After trailing 4 to 2 at the end of four innings of play, the Kiwanis nine came to life in the top of the fifth and sixth frames to score six times for an 8 to 4 lead.

However, the Jaycees crew roared back in the bottom of the fifth and sixth stanzas with four tallies to tie the score at eight all.

Leading off in the extra-inning seventh, the Kiwanis sluggers chalked up two more markers to regain the lead. The losers tried to get a rally started in their half of the final frame, but the effort ran out of steam.

* * *

DADE AND Wellington, pitching for the winners, registered 10 strikeouts. Jaycees pitcher Weller also retired 10 batters on third strikes.

Short-stop D. Phifer smacked a triple for the losers cause and centerfielder Drumm delivered a three-bagger for the winners. The only other extra base hit of the game was a double by Jaycees catcher B. Ford.

Each team collected eight hits in the championship battle. The Kiwanis lads committed only one error during the game and the losers bobbled the ball five times.

Here is the line score:

Kiwanis	101	051	2	—10	8	1
Jaycees	021	113	0	— 8	8	5

Dade, Wellington; Brannon Weller; Ford

Olympics Captain Ordered Barred

CHICAGO (AP)—William T. Smith, U. S. Olympic wrestling team captain, has been ordered barred from the 1956 Olympic Games at Melbourne by the Central AAU which said he held a paid coaching job at a Rock Island, Ill., high school.

Marvin I. Thomas, chairman of the registration committee, investigating charges against Smith, said:

"Smith did not produce any creditable evidence to alter the fact," he received payment for a wrestling coach position for four years in the Rock Island school system.

Championship Tilt Scheduled Tonight

A play-off game between Purina and Eshelmans that was rained out Monday is scheduled tonight at 6 p. m. at Ted Lewis Park.

Tonight's contest will decide the Mosquito League championship. Each team has won one game so far in the best of three games play-off series for the league title.

Labine's Wrist Is Hurt By Pitch

CINCINNATI (AP)—Clem Labine, Brooklyn relief ace, was scheduled to have his wrist X-rayed today.

Labine was struck on the wrist by a pitch from Larry Jackson during the Dodgers' game with the Cardinals in St. Louis Wednesday night. Labine, who pitched the last two innings in wrapping up Brooklyn's 5-3 victory, said the wrist felt numb.

A righthander, Labine set a season's club record Wednesday night by finishing his 42nd game.

They'll Use Dogs As Golf Caddies

CHICAGO (AP)—Golf is going to the dogs.

Great Danes, Newfoundlands, Labradors, German Shorthaired Pointers and Old English Sheepdogs will act as cart-pulling caddies in a printers' tournament next week.

And they'll be judged on smart appearance, quietness when the master tees off, ability to locate lost balls, good behavior and general serviceability.

Coon, filed his Amended Petition against you and others, heirs at law and next of kin of Florence M. Teegardin, deceased, in the Common Pleas Court of Pickaway County, Ohio, being Case No. 21,747, praying for the partition of the following real estate, situated in the County of Pickaway, and State of Ohio, and bounded and described as follows:

FIRST PARCEL

In Madison Township. The South Half ($S\frac{1}{2}$) of what is known as the Aaron Teegardin farm and described in Letters Patent of the United States dated September the 20th, A.D., 1815, as follows, towit:

Being the Northwest Quarter ($N.W.\frac{1}{4}$) of Section Number Twenty-two (22) of Township Number Ten (10) in Range Number Twenty-one (21), Mathews Survey. The part hereby described being the South Half of the Northwest Quarter of Section No. 22, Township No. 10, Range 21, Mathews Survey, containing Eighty Acres, more or less.

SECOND PARCEL

In Madison Township. Being the North Half of the Northwest Quarter of Section Number Twenty-two (22), Township Number Ten (10), Range Number Twenty-one (21), Mathews Survey, and known as the Aaron Teegardin farm and described in Letters Patent of the United States dated September 20, 1815, containing Eighty (80) acres of land, more or less.

THIRD PARCEL

In Madison Township. First Tract: Being the East Half of the southeast Quarter of Section No. 21, Township No. 10, Range No. 21, M.S., containing 78 acres of land, more or less.

Second Tract: Forty (40) acres and One Hundred three (103) poles of land out of the northwest corner of the Northeast Quarter of Section No. 28, Township No. 10, Range No. 21, M.S.

Beginning at a stone northwest corner of said Quarter Section, thence with a line of the same S 1 deg. W 81 poles 1 link to a stone from which an ash 16 inches of diameter bears S 46 deg. E 12 links distant, and another ash 12 inches in diameter bears N $10\frac{1}{2}$ deg. W 8 links distant; thence S 89 deg. E $80\frac{1}{4}$ poles to a stone from which an elm 14 inches in diameter bears N $5\frac{1}{2}$ deg. W 28 links distant; thence N 1 deg. E 81 poles and 1 link to a stone in the Section line; thence with said line N 89 deg. W 80 1-5 poles to the beginning.

FOURTH PARCEL

In Harrison Township. Beginning at a stone in the middle of the Mackey Ford Free Turnpike at the southwest corner of the twenty acre lot owned by Emanuel Good and others, thence with their line North 80 poles to a stone at the northwest corner of said Good's land and in the south line of Andrew Barch's land; thence with his line West 16 poles to a stake; thence South parallel with said Good's line 80 poles to a stake in the middle of said turnpike; thence with the middle of said turnpike East 16 poles to the beginning, containing Eight (8) acres of land, more or less. Being a part of the South Half of the Southeast Quarter of Section No. 23, in Township No. 3, Range 22, Mathews Survey, excepting therefrom the following tract conveyed to George M. Dolby and Maggie G. Dolby, bounded and described as follows, viz:

Beginning at a stone at the northwest corner of the 20 acre lot owned by Emanuel Good and others and in the south line of the Andrew Barch land, thence South with the west line of said Good lot 40 poles to a stake in said line, thence West, parallel with the said Barch land, 16 poles to a stake; thence North, parallel with said Good line, 40 poles to a stake in said south line of the Barch land; thence East with said Barch line 16 poles to the beginning, containing 4 acres of land, more or less, being a part of the South Half of the Southeast Quarter of Section 23, in Township 3, Range 22, Mathews Survey, together with the right of ingress and egress to and from said lands over and across a roadway 16 feet in width off the east side of the residue of grantor's premises, commencing at the southeast corner of the lands hereby conveyed and running south to the Mackey Ford Free Turnpike.

FIFTH PARCEL

In Madison Township. Being a part of the Northeast Quarter of Section No. 21, Township No. 10, Range No. 21.

Beginning at a stone in the section line 20 chains 25 links south of the Northeast corner of said Quarter Section, thence South 20 chains and 24 links to a stone; thence S $88\frac{3}{4}$ deg. W 27 chains and 52 links to a stone; thence North 20 chains and 50 links to a stone; thence East 27 chains and 48 links to the place of beginning, containing 56.01 acres of land.

You are required to answer said Amended Petition by the 13th day of October, 1956, or judgment by default will be rendered against you.

Early Planning Always Important For Farm Water Systems

ROUNDUP

Pickaway County farmers can obtain experienced advice and up-to-date literature on their farming problems at the County Extension Office located in the Post Office Building, S. Court St., Circleville. The office here is the link between district farmers and the College of Agriculture, Ohio State University.

When you can get water in your farm home at the turn of a faucet you'll use a lot more than when you take it from a hand pump on the back porch.

This is one of the most important things to remember when you select a pump for your pressure water system, according to I. P. Blauser, Ohio State University extension agricultural engineer. Once you have determined your water supply is adequate, the success of your system depends largely on selecting a pump of proper type and sufficient capacity, Blauser points out.

Many farm water systems, he notes, have too small a capacity to handle extra loads placed on them by automatic clothes washers, dish washers or livestock drinking fountains.

With your new water system, how much water will you need? Probably more than you think. You can figure on about 50 gallons daily for each member of your family. If your system is to supply water for livestock too, you'll need from 15 to 30 galoins a day for each dairy cow, 12 gallons for each beef animal, 4 gallons for each hog, 1½ gallons for each head of sheep and 6 gallons for each 100 chickens.

If your water requirements total 600 gallons, your pump should have a capacity of between 300 and 600 gallons per hour. The capacity of pumps generally is measured in gallons per hour. Blauser doubts if any water system which supplies the home and farmstead should be less than 600 gallons per hour capacity. To handle peak loads even for short periods the capacity of the pump must equal the peak load.

There are 2 general types of pumps — shallow well and deep well, Blauser explains. Where the vertical distance between the pump location and the water level is not more than 22 feet you can use a shallow well pump. Where the vertical lift is more than 22 feet you'll need a deep well pump.

Be sure your water supply is sufficient, Blauser advises. The best pump in the world can't help you if the water isn't there.

* * *

Ohio dairy farmers can expect an increase this year over the average price for milk in 1955. Wallace Barr, agricultural extension economist at The Ohio State University, says the price for milk in 1956 has averaged $4 per hundredweight. This is 27 cents over the average for the same period last year.

Barr says sales of milk by farmers are increasing sizably and it is practically certain that cash receipts this year will be higher than 1955's total. He expects receipts to be close to the record $4.6 billion set in 1952.

Although receipts are increasing, dairymen's costs continue high, so the increase in net income may not be as great as the increase in gross cash receipts, Barr points out.

* * *

Vegetable gardeners frequently are puzzled by blossom drop on such crops as tomatoes, peppers, melons and cucumbers. Blossom drop is caused by different conditions, says E. C. Wittmeyer, Ohio State University extension horticulturist.

In the case of tomatoes, some varieties will set fruit easier than others, Wittmeyer notes. Valiant, an early variety, frequently will set fruit under conditions causing blossom drop of Rutgers, a late variety.

Cool nights, prolonged wet periods, excessive use of nitrogen fertilizer, and extremely hot drying winds can cause blossom drop of tomatoes, according to Wittmeyer. Ideal temperatures should be about 58 degrees Fahrenheit at night and around 85 degrees during the day.

Many of the conditions affecting blossom drop of tomatoes also are responsible for the same trouble with peppers, Wittmeyer says. Very dry periods along with hot dry winds are a common cause of pepper blossom drop.

Melons and cucumbers have both male and female flowers. Pollination by bees is necessary before the female flowers will set and form fruit. Male flowers appearing first in great numbers frequently will dry up. Later more male flowers will form. Prolonged rainy periods can interfere with bee activity, thus limiting fruit set, the horticulturist explains.

Girdler Retires As One Of Industry's Most Colorful Men

CLEVELAND (AP) — An Indiana farm boy who grew up to be one of the most colorful figures in American industry has retired as chairman and director of Republic Steel Corp.

Tom M. Girdler, 79, stepped aside Tuesday. He had served as chairman since Republic was organized in 1930.

C. M. White was elected chairman of Republic, the nation's third largest steel company. White, who has been president, has been the chief executive officer of the firm since June 21, 1955.

Girdler, short in physical stature, bold and direct in speech and action, often tangled with unions during his career.

He was one of labor's strongest foes when the CIO was trying to organize steel workers in the so-called "little steel" strike in 1937.

At the time, Girdler was quoted as saying, "Before I sign a CIO contract, I'll go back on the farm and dig potatoes."

After a bloody Memorial Day fight in which 10 were killed in South Chicago and other struggles took place in Cleveland, Youngstown and Warren, Ohio, Girdler said:

"I was doing the best thing for my country when I fulfilled my obligation to the corporation."

John L. Lewis, then head of the CIO, blamed Girdler for the 10 deaths at South Chicago. Girdler blamed "CIO arrogance."

Girdler was born on a farm in Clark County, Ind., he was graduated from Lehigh University in 1901 and started his business career as a sales engineer in Europe for the Buffalo Forge Co.

He was associated with several other firms before he joined Jones & Laughlin Steel Corp. as assistant superintendent in 1914. When he left the company as president in 1929, his salary and bonus totaled $350,000 and his stock interest had a market value of 1½ million dollars.

The new corporation, Republic Steel, was organized in 1930 with the merger of several independent steel companies. Girdler became chairman of the concern and also was president until 1937.

Lausche Pledges DiSalle Support

COLUMBUS (AP)—Gov. Frank J. Lausche said Wednesday he would campaign for the election of Michael V. DiSalle to succeed him.

'Of course I will support him," the governor told newsmen. "I will be with DiSalle at meetings. He has my full support."

The governor, who has been criticized as failing to extend his coattails to other candidates in past campaigns, is running for U. S. senator in the Nov. 6 election. DiSalle is the Democratic nominee for governor.

Lausche said he would attend Friday's opening of the Ohio State Fair and would visit county fairs in the next few days. He said his schedule still is incomplete.

Set Hearing For Dismissal Appeal

COLUMBUS (AP)—The state Civil Service Commission has set hearing for Sept. 5 on the appeal of Pearl E. E. Mosier from his dismissal as business manager of Apple Creek State Hospital near Wooster.

The hearing will be held in the Wayne County courthouse at Wooster. He was dismissed in connection with an investigation into the unauthorized construction of a residence on the hospital grounds.

Same Fellow?

SAN FRANCISCO (AP)—And then there's the one about the two elderly ladies at the Republican national convention listening to a speaker who kept mentioning "Dwight D. Eisenhower." Finally one of the ladies whispered: "This Dwight Eisenhower—is he any relation to Ike?"

Insurance Death Benefits Decline

COLUMBUS (AP) — Ohio families received $72,037,000 in life insurance death benefits in the first half of 1956, the Institute of Life Insurance has reported.

The figure compares with $76,361,000 in the corresponding period of last year.

The institute said 54,710 death benefit policies were paid off in Ohio in the first six months of 1956, compared with 51,618 in the like period last year.

Now They Offer Air Conditioning For Farm Tractor

NEW YORK (AP)—How are you going to keep 'em down on the farm?

An implement maker has come up with a possible solution to that age-old problem. It announced an air-conditioned tractor which will keep the hired man cool the year round.

Cockshutt Farm Equipment Inc., Bellevue, Ohio, said its air-cooled tractor has been successfully tested at an experimental farm in Bucks County, Pa.

A spokesman estimated the model will cost little more than the price of a good high fidelity sound system or a console color television set.

"When the market demand for such a tractor is evident, a production model will be planned," said the spokesman.

SEARCHING FOR U. S. PLANE IN FAR EAST

Memorial Lake Begins (Finally) To Take Water

Creek Now Flooding Big Area Near City; Ready To Add Fish

Pickaway County's long-awaited Memorial Lake is rapidly nearing completion. No longer is it the much-discussed "dry lake".

According to officials in charge of work at the lake site, east of Circleville, a big valve along Hargus Creek was closed Wednesday to allow water to start backing up in the lake bed.

How long it will take for the lake to fill will depend upon the flow of water in the creek. Construction men said the flow of water at present is steady due to the heavy rains in this area over the past few days.

If the rains continue through the near future, the lake, of course, will fill up faster the spokesmen pointed out.

* * *

ORIGINALLY, the big lake was scheduled to be completed early in September. However, due to bad weather this Spring and Summer, the completion date may fall a little later than previously planned.

Stocking the lake with fish will begin as soon as enough water backs up into the lake area, Pickaway County Game Protector Clarence Francis said.

The first fish put into the lake will be small fingerlings.

He said that stocking will continue over a period of time, depending on water conditions and the ability of different kinds of fish to live in the new body of water.

Reports received here indicate that an additional 20,000 fingerling bass from federal hatcheries will be placed in the lake within the next few days.

The reason for the federal fish being stocked in the local lake is due to a surplus of bass fingerlings that now exists in government hatcheries, the report said.

In addition to the fingerlings already scheduled to be placed in the lake, several thousand more federal fish will be released in the near future, the report went on to say.

Army Cancels Charges GI Overweight

FT. CARSON, Colo. (AP) — That fuss over 19 pounds around a professional soldier's waistline is going to cost the Army a mess sergeant.

Sgt. 1-C. James Love, 34, said today the Army has quietly dropped plans to court-martial him for being overweight.

But it doesn't make much difference, Love confided. He'll resign the Army in October and reenlist in the Air Force.

Love, a veteran of 12 years' service, said he was among a "handfull" of 8th Infantry division officers and men facing court-martial for failure to peel off excess fat as ordered. He weighs 212 pounds, and said he'd been ordered to trim down to 193.

A mess sergeant who admittedly likes good food, Love said his unit commander advised him Wednesday that all charges against him have been dropped.

"But it doesn't make any difference," he said. "I'll complete six years of my current indefinite enlistment on Oct. 4. Then I plan to re-enlist in the Air Force."

Why the Air Force?

"I prefer it for obvious reasons," grinned Love, a native of Cincinnati.

Visiting President

SAN FRANCISCO (AP)—Ohio Atty. Gen. C. William O'Neill and Sen. George H. Bender were among two score Republican office seekers scheduled to meet with President Eisenhower today.

'Joe Smith' Gives Republican Convention Its Biggest Laugh

By ED CREIGH

SAN FRANCISCO (AP) — 'Joe Smith?

He's only a myth.

But he handed the Republicans the biggest laugh of their convention Wednesday night. He gave the television audience an injection of wake-up juice too.

There's one at every convention.

Four years ago the Republicans had Marcelino Romany. He was the Puerto Rican delegate who broke up a lot of tension by demanding a poll of his three-member delegation.

This year Romany played it straight. He voted the Eisenhower-Nixon ticket. Then came Joe Smith. And the man behind him: "Terrible Terry" Carpenter.

Everything had been going fine up to that point. It was a wide-open convention. The door was wide open for everybody — except Vice President Nixon — to disappear into the San Francisco fog.

Alabama yielded. Arkansas yielded. Everybody yielded except Carpenter.

Then Scottsbluff, Nebraska's Terry Carpenter (who freely acknowledges the "Terrible Terry" nickname) dug in his heels.

He once was a Democratic congressman. He changed parties. He has run for all sorts of offices, without success. He disapproves of Nixon.

So when the roll was called on Nixon the Nebraska delegation chairman, Mrs. George P. Abel, gritted her teeth and did her duty.

She told convention chairman Joseph W. Martin Jr. there was a bit of a split in the Nebraska delegation: Nixon: 17. Joe Smith: 1.

Mrs. Abel, the only woman chairman of a delegation, didn't know who Joe Smith was either.

She said so, forcefully.

She announced that delegate Carpenter was speaking for himself alone.

Martin furrowed his brow, considered the problem for a good five seconds, and told the defiant delegate from Nebraska:

"You take your Joe Smith and get out of here."

Carpenter, a stocky, 56-year-old businessman who wears glasses, took the hint. He got out. Escorted by uniformed convention guards.

This is an open convention, though, so he soon marched back in.

He refused to vote on the first —and only—ballot for Nixon. He passed.

In the end, though, he buckled under the pressure of his fellow Nebraskans.

He voted for Nixon too, making it unanimous.

"I just wanted to be sure it would be an open convention," Carpenter said. "I wanted to address the convention. When I didn't get a chance—well, I don't know where Joe Smith came from. He just showed up."

"He's unpredictable," sighed Mrs. Abel, referring to Carpenter, not to Smith. "He likes to grandstand. And we have to go along with him. And it always takes four times as long."

Joe Smith could not be reached for comment.

Presidency Ballots Mailed To Boards

COLUMBUS (AP) — Secretary of State Ted W. Brown wasted no time mailing presidential ballot forms to the 88 county election boards.

With the presidential campaign period shorter this year, Brown said he mailed the ballots forms as soon as the Republicans approved the Eisenhower-Nixon ticket Wednesday night.

Brown said he believed Ohio was the first state to approve presidential ballots.

British Bombard Malayan Rebels

LONDON (AP) — The Admiralty today announced the cruiser Newfoundland bombarded Communist rebel positions in the Kota Tinggi area of Malaya.

The bombardment early today was the first major assault in two months on jungle positions of the rebel guerrillas who have been fighting British rule since 1948. The rebels have been comparatively inactive in recent months.

Concert Singer To Teach Under Reds

BERLIN (AP)—A Communist newspaper announced today that Aubrey Pankey, an American Negro concert singer, has taken a music teaching job in Communist East Berlin.

East Berlin's Berliner Zeitung said Pankey chose to live under communism after he was refused permission to live in France and Britain.

The paper said the refusals were based on his support of Julius and Ethel Rosenberg, executed by the United States in 1953 as atomic spies for the Soviet Union.

The Berliner Zeitung said Pankey was born in Pittsburgh, Pa., and studied in Boston and Oberlin, Ohio.

Eleanor Declines

GJORSLEV MANOR, Denmark (AP)—Mrs. Eleanor Roosevelt, commenting on suggestions that she run for the Senate to succeed Sen. Herbert H. Lehman (D-NY), said in an interview today: "Nothing would induce me to run for any office."

Bliss Fearing Complacency In Ohio GOP

SAN FRANCISCO (AP) — The "basic problem" confronting Ohio Republicans in this election year is complacency, State Chairman Ray C. Bliss of Akron said today.

He said he feared that voters who favor the Eisenhower-Nixon ticket nominated by the Republican convention Wednesday "will not bestir themselves enough."

"We've got to stir up their enthusiasm and get them out to vote," said Bliss, chairman of the Ohio delegation to the convention.

He added, however, he is convinced President Eisenhower and Vice President Nixon will carry Ohio "by an overwhelming majority" in the November election if voters who favor their reelection go to the polls.

"The only votes that count are those that are cast in the ballot box," he emphasized.

Bliss previously said he had been informed Nixon would campaign in Ohio and had reason to believe Eisenhower also would speak in the state.

The Ohio delegation's 56 votes were cast for Eisenhower and Nixon in Wednesday's colorful nominating session of the convention in Cow Palace.

Bliss cast the state's vote when the roll was called on the nomination. He turned the spotlight on State Atty. Gen. C. William O'Neill of Marietta, the GOP candidate for governor, when it came nominee.

Ohio's vote, Bliss announced, "will be cast by our attorney general and our next governor." Then O'Neill took the microphone and announced Ohio cast its 56 votes for Nixon.

Earlier, Sen. John W. Bricker made one of the speeches seconding Nixon's nomination. He credited Nixon with having fulfilled his duties as vice president with efficiency, honor and integrity.

Nixon Has Respect For 'Joe Smith'

WHITTIER, Calif. (AP) — Vice President Richard M. Nixon had only good words today for his only "rival" for renomination—the mysterious Joe Smith.

The fictitious Mr. Smith was nominated Wednesday by a member of the Nebraska delegation who said he was trying to prove "that it was an open convention."

Nixon, visiting here with his critically ill father, was asked by a newsman if he knew Smith. He replied:

"Smith is a very honorable name in the United States. There are a lot of them who vote and I'll say nothing against any of them."

It's Ike vs. Adlai For Fall Campaign

SAN FRANCISCO (AP) — Republicans looked forward in confidence today to President Eisenhower's rematch with Democrat Adlai E. Stevenson in the November presidential elections.

The 1,323 GOP convention delegates Wednesday night unanimously roared their approval of an Eisenhower-Nixon team they predict will repeat its 1952 defeat of a Democratic ticket headed by Stevenson.

In Libertyville, Ill., Stevenson voiced congratulations to Eisenhower and said, "I am pleased to be matched against him again."

Vice President Richard M. Nixon won his place on the ticket after Harold E. Stassen stood up before the 1,323 delegates and urged them to vote for the man he had said previously would cost the GOP ticket.

Swallowing probably the bitterest pill of his political career, the onetime "boy wonder" governor of Minnesota acknowledged that Nixon was the "clear choice" of the mass of the delegates.

* * *

EARLIER AT A news conference Eisenhower quashed Stassen's weeks-old drive to drop Nixon and replace him with Gov. Christian Herter of Massachusetts or almost any other Republican of stature.

Stassen contended Nixon would reduce the political appeal of the Republican ticket and might cost the Republicans their bid to recapture Congress.

Eisenhower announced Stassen had told him he was dropping his drive to ditch Nixon because it was evident the delegates wanted the vice president on the ticket again.

Although he held out to the last against any flat endorsement, Eisenhower declared of Nixon:

"I think he is as good a man as you can get."

Nixon flew to Whittier, Calif., early Wednesday to be at the bedside of his critically ill father. He said he was "very gratified by the results of the nomination of President Eisenhower and appreciative too for the support of the delegates for the nomination of vice president."

"I'll work harder than in previous campaigns to see that that leadership is available to the United States and to the world for four more years," he declared.

* * *

EISENHOWER WILL make his first appearance before the convention late today to accept his nomination. He is expected to outline a program geared to the "dynamic progressivism" he has talked about in the past.

Nixon will also address the convention if his father's condition permits him to return.

Governor Asks Phone Service Be Restored

Calls On Unionists To End Violence In Lengthy Strike

COLUMBUS (AP)—Gov. Frank J. Lausche today called on officials of the struck Ohio Consolidated Telephone Co. to provide service in its 24-county area and on unionists to forego violence in the 40-day strike.

About 50 officials of the company, the Communication Workers of America union and local and state officials conferred for nearly two hours in Lausche's office.

Clare E. Williams of Marion, president of Ohio Consolidated, said that only New Boston, Portsmouth suburb, lacks service in the strike-affected area.

He said exchanges in Portsmouth, Adena, Dillonvale, Byesville and Tiltonville were among exchanges closed temporarily.

Williams described brick-throwing incidents which damaged several exchanges and said 50 telephone cables were cut in the Portsmouth area alone.

"If the union deplores such acts," Williams asked, "Why do they harrass those who make repairs" on cables that often take several days?

"Just last night," he said, "five bullets were fired through a car in Portsmouth."

* * *

J. CURTIS FLETCHER of Washington, national director for the CIO-AFL telephone union, said the strike began because the company cut several items from the company-union contract.

"Our people feel that the contract should not suddenly be that bad," Fletcher said. The official said the union does not condone acts of violence and that he does not know who committed them.

"Of course," Fletcher said, "a strike is not effective unless service is curtailed to some degree."

Commenting on Fletcher's remark, the telephone company president said:

"I feel that issues can be solved around the table. The union has stated that the effectiveness of this strike can be brought about by a dimunition of service. In Portsmouth, more than 50 cables

Dem Leaders In South Seek Conferences

ATLANTA (AP) — Democratic leaders in 10 of the 11 southern states made plans today to meet with Adlai Stevenson and Estes Kefauver in a regional conference to get Dixie solidly behind the party in the November elections.

Stevenson, the presidential nominee, and his Tennessee running mate will be at Knoxville, Tenn., Aug. 30 for one of a series of whirlwind grass roots visits with party bigwigs throughout the nation.

Most southern states have pledged support of the ticket in varying degrees although some show a definite lack of enthusiasm.

Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee and Virginia will be represented at the conference, at which "key issues" affecting the South will be discussed.

A "Segregation party" sprang up in Alabama and called on southern states to join together and present a solid front on an acceptable candidate.

"We hope the election will be close enough so that we could use our votes as a bargaining weapon to get assurance the next administration will not destroy our southern way of life," a spokesman said.

The group asked the Alabama secretary of state to list it on the Nov. 6 general election ballot as a new party, motto of which is "We Dare Defend Our Rights."

Peiping Tells Of Attacking Craft In Same Area

Missing Mercator Radioed Of Shooting Before Disappearing

TOKYO (AP) — Red China said one of its planes damaged a "Chiang Kai-shek" aircraft early today over islands southeast of Shanghai — the area where a U.S. Navy patrol plane and its 16 crewmen were believed shot down.

A Peiping broadcast, without identifying the plane beyond the reference to the American - supported Chinese Nationalist leader, said it had intruded over Chinese islands and made off after the encounter toward the southeast—the direction of Formosa.

U. S. ships and planes were searching for the naval patrol plane, believed downed by Communist Chinese aircraft 32 miles off Wenchow, China, at 1:25 a.m. local time. Nightfall came without any announced word of the results.

The missing plane, a four-engine P4M Mercator, in its last brief radio message reported it was "under attack by aircraft." The Navy said it then was 32 miles off Red China's shore and 160 miles north of Formosa.

The place where the Peiping broadcast reported the encounter with a "Chiang Kai-shek plane" is about 350 miles north of Formosa, in a time belt an hour behind that of Japan and the U. S. bases here. The Red Chinese station said the encounter came "before 1 a. m. this morning."

* * *

THE U. S. HUNT for the missing patrol plane went on all day without success and tonight all announcements, even of a negative nature, ceased.

Far East naval headquarters at Yokosuka, Japan, clamped a news blackout on any developments in the round-the-clock hunt.

A spokesman said any new information must come from Washington in coordination with the Defense and State Departments.

A Navy announcement more than 10 hours after the plane sent its last message said search crews up to that time had found nothing, though they had combed the East China Sea since dawn.

The pilot of the missing craft was Lt. Cmdr. Milton Hutchinson of Cumberland, R. I.

Vice Adm. Stuart Ingersoll, chief of the U. S. Formosa Defense command, announced the Mercator "is assumed to have been shot down by the attacking aircraft."

A spokesman for the Far East naval forces said he could give no information on the nationality, type or number of the attacking aircraft. The Nationalist Chinese air force said none of its planes was in the area at the time.

* * *

IT WAS THE first attack on an American plane in the Formosa area since Jan. 18, 1953. On that date a Navy Neptune was downed by Red gunfire off Swatow and 11 men were lost. Another Navy

DROODLES

By ROGER PRICE

"RAINBOW PAINTED BY PICASSO"

When it comes to painters I'll personally take the old masters like Rembrandt, El Greco and Walt Disney. These fellows were great and the reason they were great was because they suffered. To produce great art you have to suffer. When I went to Art School our teacher believed in this philosophy 100 percent, and he kept slipping up behind the students and giving them hot-feet and jabs with a pin while they were painting. Once, when I couldn't get a still life to look right, he spent over an hour twisting my arm and stomping on my corn until the picture was perfect. If I could have stayed there I might be a great artist myself, but I couldn't afford it. Not the tuition—the hospital bills.

Ike Trying For Another First—To Complete Two Terms At Age Of 70

By MARVIN L. ARROWSMITH

SAN FRANCISCO (AP)—By nominating President Eisenhower for a second term, the Republicans put their chips on him to do what no other man has done — complete eight years in the White House at the age of 70.

Eisenhower says he wouldn't be running if he didn't think he could make it.

Nonetheless Eisenhower — like Adlai Stevenson, nominated to oppose him by the Democrats last week — has made it plain that since presidents are mortal more care should be given to the choice of a vice president.

Why did Eisenhower decide to seek re-election at his age, now 65, to perhaps the toughest job in the world after two recent major illnesses — one of which hospitalized him for seven weeks, the other for three?

Two statements of the last few months shed some light.

Last Feb. 29, a bit more than five months after his heart attack, he said in announcing he was available for a second term:

"The work that I set out four years ago to do has not yet reached the state of development and fruition that I had hoped could be accomplished within the period of a single term in this office."

On Aug. 1, having decided to stand by his second term bid despite major surgery June 9 for an intestinal disorder, he was told at a Washington news conference that some of his friends were "afraid you won't live for another four years." Why, a reporter asked in substance, was he determined to run again?

"Well, sir," Eisenhower replied, "I would tell you frankly I don't think it is too important to the individual how his end comes, and certainly he can't dictate the time.

"What we are talking about here is the importance to the country, and it happens that at this moment the Republican party apparently thinks that I am still important to them and the country.

"And since I believe so much in the Republican party, and I believe that it needed rebuilding so badly, an effort which I have been making, as you well know, I said I would continue to try."

It was on that day, early this month, that Eisenhower said it all added up to "a decision the American people are going to have to face . . . We will see what the American people have to say about it."

Seat First Juror For Brink's Trial

BOSTON (AP) — The first juror to sit on the panel that will try eight Greater Boston men for the Brink's Inc., $1,218,211 robbery was chosen today, the 14th day of trial.

Superior Court Judge Felix Forte had examined 1,189 men and women since Aug. 7 before the first juror took a seat in the jury box.

He is Charles A. Wolusky of Dorchester, a shipping supervisor employed by the U. S. Gypsum Co. in Chelsea.

Flashers Asked

COLUMBUS (AP)—The Village of Hebron, Licking County, today asked state utilities commission action to install flasher light protection at a New York Central Railway crossing.

'Drunk' Driver, Speeder Get Court Penalties

Today's list of cases in Circleville Municipal Court included a driver accused of operating a motor vehicle while under the influence of intoxicants and a motorist speeding at 95.

For the "drunk" driving violation, Paul B. Clevenger, 42, of Dallas, Tex. received the usual $100 and costs, three days in jail and a six month's suspension of driver's license. He was arrested by Officer Forrest Sowards.

Fred M. Wolford of Chillicothe was fined $45 and costs for the speeding at 95 accusation. He was arrested by State Patrolman Gene Miller.

OTHER CASES brought before Municipal Judge Sterling Lamb included:

Charles Hayes, 67, of Circleville; $25 and costs for being drunk and disorderly, $25 and cost for resisting arrest and six months in the county jail on a reimposed sentence; arrested by Officer Bob Temple.

Harry L. Keller, 47, of Cleveland; $15 and costs for speeding at 50 in a 35 mile zone; arrested by Sgt. George Green.

Robert J. Smith, 18, of Ashville; $15 and costs for speeding at 50 in a 35 mile zone; arrested by Miller.

Paul H. Eyerman, 23, of Columbus; $30 and costs for speeding at 80; arrested by Miller.

2 Youths Hurt When Cars Go Off Highway

Two persons were injured in a two-car accident seven miles south of Circleville on Route 56 at 6:35 p. m. Wednesday.

Howard Hunter, 19, of Laurelville, a passenger in one of the cars, received multiple cuts on the lip, head and arms. Melvin Gerbert, 19, also of Laurelville, suffered a bruise on the head. He was a passenger in the other car.

Both injured men were treated by a Laurelville physician. The two cars were reported heavily damaged. They did not collide, but both swerved off the highway.

According to Deputy Sheriff Charles Felkey, a vehicle driven by John Crosby, 19, of Laurelville Route 1 was crowded off the road by a car approaching from the opposite direction. Hunter was thrown from the car onto the highway as it swerved to the right to avoid the oncoming car.

The automobile behind Crosby, driven by Henry Lee Diehl, 18, of Laurelville Route 2 swerved to the left to keep from hitting Hunter.

Ohio Solon Dies

EATON (AP)—Clayton R. Coblentz, 79, Preble County school superintendent for 33 years and a member of the Ohio House of Representatives, died in Reid Memorial Hospital in Richmond, Ind., Wednesday.

Seek Hospital Site

CLEVELAND (AP)—State officials are "leaning toward" northeast Ohio as the site of a hospital for emotionally disturbed children, a group from Cleveland and Akron was told Wednesday.

Legal Notice

NOTICE OF APPOINTMENT
No. 17880
Estate of Rosa L. McDonald, Deceased

Notice is hereby given that Pauline Huston whose Post Office address is Route 1, Stoutsville, Ohio has been duly appointed Administratrix of the Estate of Rosa L. McDonald late of Pickaway County, Ohio, deceased.

Dated this 17th day of August, 1956.

GUY G. CLINE
Judge of the Probate Court
Pickaway County, Ohio

Aug. 23, 30, Sep. 6.

NOTICE OF APPOINTMENT
No. 17883
Estate of James Snyder, Deceased

Notice is hereby given that Paul E. Adkins whose Post Office address is Circleville, Ohio has been duly appointed Administrator of the Estate of James Snyder late of Pickaway County, Ohio, deceased.

Dated this 21st day of August, 1956.

GUY G. CLINE
Judge of the Probate Court
Pickaway County, Ohio

Aug. 23, 30, Sep. 6.

NOTICE TO BIDDERS

Sealed bids, subject to the conditions contained herein, will be received by the Village of Tarlton, Ohio, at the office of the Village Clerk, until 7:00 o'clock P. M. on August 30, 1956, and then publicly opened and read, for furnishing all labor, machinery and machine power and performing all work for the laying of pipe lines for the natural gas distribution system owned and operated by said village within the limits of said village in Pickaway County, Ohio.

Plans and specifications may be inspected at the office of the Village Clerk or at the office of the Secretary of the Board of Trustees of Public Affairs at said village of Tarlton, Ohio.

Guarantee will be required with each bid as follows: ten per cent of the amount of the bid in the form of a certified check or a bid bond payable to the village of Tarlton, Ohio.

Performance of bond will be required as follows: one hundred per cent of the contract price.

Bond guaranteeing against defective workmanship for a period of one year following completion will be required as follows: one hundred per cent of the contract price.

Bidders will note that the contract terms will require that the work be undertaken forthwith upon the awarding of the contract and to be completed on or before Octoger 20, 1956.

Address all bids to: Albert Spangler, Clerk of the Village, Tarlton, Ohio.

The right is reserved, as the interest of the village may require, to reject any and all bids and to waive any informality in bids received.

Albert Spangler, Village Clerk
Tarlton, Ohio

Aug. 16, 23, 1956.

Governor Asks Phone Service Be Restored

(Continued from Page One)

were cut. Those making repairs were heckled and pursued."

Edward Phillips of Columbus, representative of the Federal Mediation and Conciliation Service, said about 20 issues now are in dispute between the company and the union. "It seems to be locked quite tightly on those issues," he reported.

* * *

LAUSCHE SAID that as governor he cannot tell either the company or the union what to do. But he promised full protection of the body's authority extends.

"Law and order is the primary basis on which economies grow and societies survive," the governor said.

"We will be doing the greatest good in southeastern Ohio if each one responsible for law and order does his part."

The governor said protection should be given to both the union and the company "as they are entitled to it under the law."

Continuing, the governor said: "I call upon the union leaders to exercise fully whatever power you can to see to it that this violence is not carried on further. You can't exercise it on the grounds that no one was injured."

FLETCHER TOLD the meeting that the only persons injured in the widely scattered disturbances were two pickets. He said trucks bumped them.

Lausche asked the state public utilities commission to keep an eye on the kind of service provided by the company in the strike-affected area.

Fletcher said the union would do what it could to eliminate violence, but he expressed belief that some calls for police might have been made to intimidate pickets.

"We are fearful," he said, "that police have been called in when We are going to do what we can to keep our skirts clean."

Meanwhile, the company Wednesday filed petitions in Scioto County Common Pleas Court in Portsmouth asking contempt citations against 20 strikers.

In its petitons the company claims the strikers violated an Aug. 8 court order prohibiting pickets from interfering with company officials and supervisory personnel.

THE RESTRAINING order was issued by Common Pleas Judge James W. Lang of Adams County sitting at Portsmouth on assignment.

The order followed a series of acts of vandalism against company property in the Portsmouth area. A similar order has been issued in Harrison County.

The union has consistently denied connection with any acts of vandalism.

Judge Lang set Aug. 30 for a hearing on the petitions.

While this was going on, the board of trade of three communities served by Ohio Consolidated protested to the state utilities commission concerning rates charged by the company during the current strike.

The board represents 71 businessmen who use the company's telephones in Yorkville, Tiltonsville and Rayland, Jefferson County.

They asked the commission to fix a hearing on what they termed "unfair charges for telephone rental during the period in which strikes have disrupted normal service."

The board did not say how the bills during the strike compared with pre-strike charges.

Jersey Turnpike Pileup Kills One

NEW BRUNSWICK, N. J. (AP)—A loaded Trailways bus rammed into a trailer truck during a car pileup on the foggy New Jersey turnpike today and one person was killed. Twenty-seven others were injured, none critically.

The fatal victim, William Parker, 38, of Washington, D. C., was a passenger aboard the bus.

Police said a car hit a pickup truck and a bus crashed into the combined wreckage. Within seconds four more cars, a trailer truck loaded with frozen chickens and another bus were scattered on the three-lane north route of the superhighway.

Most of the injured were passengers in the second bus.

On and after this date I will not be responsible for debts contracted by anyone other than myself. James Hairston.

World News In Brief

Polio Cases Said Lowest Since 1947

WASHINGTON (AP) — The states reported 902 polio cases last week, considerably less than half the 2,134 during the comparative week last year. The total continued to run lower than in any comparative week since 1947.

The Public Health Service said today there was no large numerical increase last week in any state except Michigan, which had 62 cases compared with 32 in the week ended Aug. 11.

Last week's national total was 19 greater than the 883 in the preceding week. The increase in the comparative 1955 weeks was 355.

Chicago, where there is a severe outbreak in some areas of the city, reported 133 cases, a drop from 166 in the preceding week.

Illinois had 180 cases, down from 218 in the week ended Aug. 11.

A health service spokesman said Chicago continued to be the only specific area in which there was a heavy concentration of cases.

There were 7,095 cases reported this calender year through Aug. 18, compared with 11,848 for the similar 1956 span.

RABAT, Morocco (AP) — Sultan Sidi Mohammed Ben Youssef today temporarily averted a cabinet crisis in his newly independent country by asking ministers from the nationalist Istiqlal party to stay in office until he has time to study their demands. They agreed.

The executive committee of Istiqlal, which is Morocco's largest party, demanded a one-party government made up of Istiqlal members to replace the present coalition.

BONN, Germany (AP) — Presidents of the West German and Romanian Red Cross organization agreed today on plans for the return of Germans living in Romania.

LONDON (AP)—The News Chronicle predicted today Britain will drop two to four hydrogen bombs in its tests next spring at Christmas Island in the Pacific.

LONDON (AP) — British sailors and marines whose enlistments are expiring were told today they must stay in service to meet the Suez canal emergency.

The Admiralty said the additonal service would be kept as short as possible, but there was no way of knowing how long it might last.

City Gets Award: Traffic In 1955 Had No Fatals

At a time when all the nation is trying to find a workable formula to reduce traffic fatalities, the city of Circleville can show an award as one of the safest communities in 1955.

Circleville was given one of the National Safety Council Honor Roll Awards for cities that did not have any deaths due to vehicle accidents last year. The award was announced in the 5,000-10,000 population class.

Sixty-one cities in Ohio were eligible to participate in the safety program. Thirty-one of them won awards.

In a special ceremony at city hall, John F. Greenan, traffic safety supervisor, presented the award in the name of Director U. C. Felty of the Department of Highway Safety, General Chairman Jesse T. Smith, and the Governor's Traffic Safety Committee.

Representing the municipality during the ceremony were Mayor Bob Hedges, City Safety Director Miller Fissell, and Darrell Hatfield, head of the Pickaway County Traffic Safety Committee.

Police Locate Woman But Family In Dark

COLUMBUS (AP)—The family of Lola Celli would like to believe that the 10-year mystery of the disappearance of the Grandview Heights school teacher has been solved.

But, says her brother, Dr. Felice Celli of Ohio State University, "We can't quite believe it."

Police Chief Robert R. Livingston of suburban Grandview said Wednesday the Celli case has been closed on the report to him of John Guy, marshal of neighboring Marble Cliff, that he knows where Miss Celli is.

Miss Celli, then 24 and a school teacher at West Mansfield, disappeared Feb. 23, 1946, when she left her home on a shopping trip to downtown Columbus.

Guy was not available for comment, but Chief Livingston said Guy declines to "break a confidence" to elaborate on his information that Miss Celli is alive.

But Dr. Celli told newsmen today:

"Neither John Guy nor Chief Livingston has contacted us since August, 1946. You would think they'd tell us, who are most concerned, if they knew anything."

Chief Livingston declared: "I've known John Guy for 50 years and am willing to accept his word." He added he saw no reason to press Guy for detailed information since there is no evidence of a crime in the case.

Boy Strangled In Barn Accident

CLEVELAND (AP) —Neighbors heard cries from a barn in Olmsted Township Wednesday and found two boys tangled in a hay rope.

One Terry Solgos, a 10-year-old twin, was strangled. The other boy, Mike Melbasa, 9, escaped with rope burns around his waist.

The barn, at the Solgos boy's home, was a favorite playspot for neighborhood children.

Nixon Decides To Return To Convention

WHITTIER, Calif. (AP) — Vice President Nixon, called from the Republican National Convention by the critical illness of his father, decided today to return to San Francisco to personally accept renomination.

Nixon was given the "go ahead" by his improving father, Frank A. Nixon, 77, and the doctors in attendance.

The senior Nixon, stricken with a rupture of the main abdominal artery early Wednesday, was pronounced in "very satisfactory" condition this morning after having been near death.

The vice president, his wife Pat, brother F. Donald and sister-in-law Clara Jane flew in from the convention a few hours after the father was stricken.

The elder Nixon, now out of the oxygen tent, was asked by his doctor if he thought his son should return.

"He encouraged the trip," the Nixon family doctor said.

Speaking for himself and a specialist attending Nixon, the doctor said:

"We both agreed that the vice president's return to the convention would be a better tonic than any we could give. In fact, Dick's renomination was a great tonic for his father."

Suez Conference Ends Without Total Agreement

Majority Plan Signed By 18 Nations To Be Handed Nasser

LONDON (AP)—The London conference on the Suez Canal ended officially late today with the United States agreeing to join a five-power group to carry the majority decision for international operation of the canal to Egypt's government.

The 22-nation conference finally broke out of the procedural snarl which had slowed its last hours when the 18 powers supporting internationalization decided to make their own arrangements for presenting the decision to Egyptian President Gamal Abdel Nasser.

It was understood that the 18-power decision for international operation of the canal would not be presented as a decision of the conference as a whole.

Four other nations — Russia, India, Indonesia and Ceylon—favored an Indian plan for Egyptian operation with some international supervision and advice.

The West plans to hand Nasser a full report on the discussions during the eight-day closed parley —including the opposing Indian plan to leave actual control of the waterway in Egypt's hands, with an international board set up only to advise the Egyptians.

* * *

EGYPT'S REPORTED threat to hold up British and French ships using the canal stunned conference delegates.

An official of the nationalized canal board set up by Nasser was quoted as threatening to delay the ships if Frenchmen and Englishmen working as canal pilots quit their jobs.

The British and French cabinets were called into special sessions this morning to deal with what appeared a new crisis building up.

A British spokesman said the Foreign Office took a "grave" view of the reported threat. Other officials said the report bore out the previous British-French contention that Nasser would operate the canal to advance his political aims.

In a statement on the report, the Egyptian Embassy said: "It is never the intent of the Egyptian government to discriminate against ships of any nationality passing through the canal.

"At the same time it is the policy of the Egyptian government and the Suez canal authority to maintain the canal in the most efficient and navigable conditions to meet the ever increasing volume of shipping and trade."

* * *

AN EGYPTIAN embassy spokesman declined to comment in a report that the Russians had offered to provide pilots for the canal.

The Soviet government newspaper Izvestia, quoted by Moscow radio, assured Egypt that there were plenty of technicians available in "many countries" to operate the Suez if Western pilots and engineers quit.

Egyptian officials say Nasser is certain to reject the Western proposal to internationalize the canal. The Big Three hope he will accept it at least as a basis for negotiations.

Earlier plans to send a high-level delegation to Cairo were dropped when U. S. Secretary of State Dulles declined to make the trip.

Instead the western leaders planned to have the ambassadors of the chosen countries pass along the conference report through diplomatic channels.

Police Officer Turns No Deaf Ear But He Should've

TERRE HAUTE, Ind. (AP)—Police headquarters couldn't turn a deaf ear when four Terre Haute High School musicians took their cases to court.

All they could do was shut courtroom doors, cover their ears—and suffer. After all, one of their own men had started it.

Hadn't the boys told an officer, who came to investigate neighbors' complaints, that they had no place to practice?

And hadn't the officer said: "Try City Hall."

They did, and Police Capt. Floyd Huey reluctantly let them rock 'n' roll in the city court room.

"I didn't know horns could make so much noise," said Huey, a virtual captive in his own police station.

What of the officer who suggested city hall?

He's gone on vacation.

Belgium Has 2nd Coal Mine Fire

MARCINELLE, Belgium (AP) — Belgium had her second coal mine fire in 15 days today. Unlike the first which claimed 263 lives, the brief blaze caused no casualties.

Today's fire broke out in a pumping station 2,925 feet below the surface at the St. Charles mine south of Charleroi.

A short time later a mine official said the blaze was under control and all 48 men had been brought safely to the surface.

The mine lies only a few miles from the Bois du Cazier site, where 263 miners perished after being trapped in the Aug. 8 blaze.

Earlier estimates had put the dead at 270, but an announcement today that all hope of further survivors had been abandoned reduced the total.

Police, Fire Calls

POLICE

No assaults, robberies, breakins or any other crimes were reported by police as of today.

FIRE

No fires were reported today by the Circleville fire department.

Peiping Tells Of Attacking Craft In Same Area

(Continued from Page One)

plane was shot at while searching for survivors but was not hit.

The U. S. Navy spokesman insisted the Mercator was over neutral waters of the East China Sea at the time the attack was reported.

"It was then operating 32 miles off Chinese Communist territory," he said, "160 miles north of Formosa."

The four-engine plane, carrying four officers and 12 enlisted men, was on a "routine training and patrol mission" from Japan to Naha, Okinawa, the Navy said.

U. S. patrol planes operating in China waters have instructions to keep at least 12 nautical miles away from the Communist mainland.

The missing craft, part of the U. S. 7th Fleet's Formosa patrol force, was based at Iwakuni Naval Air Station, near Hiroshima, Japan.

Two of the crewmen aboard the missing plane were from Ohio. They are William Michael Humbert Jr., Springboro and Dayton, and Albert Perry Martin, Delta.

SAN FRANCISCO (AP) — Harold Stassen dies hard. He dug a political grave for himself and Wednesday he jumped in. But when last seen he was still having political twitches.

Stassen, pure poison to most Republican politicians since he started his fight against Vice President Nixon's renomination Wednesday wound up seconding Nixon's renomination.

Then, without visible embarrassment about this gigantic switch, he predicted he'd be talking on political issues for years to come.

As a political force, Stassen has been going down for years. And here he landed in the basement. No one was ever more alone—or left more alone—than Stassen and his anti-Nixon drive.

He might have been able to recapture some stature—at least as a prophet—if he had remained quiet, once he had lost, and if the Eisenhower - Nixon ticket was defeated in the Nov. 6 election.

But he threw away that possibility when he stood—in full view of the convention and the national television audience—and backed Nixon with high praise.

His argument against Nixon had been that the vice president, running with Eisenhower, would cost the Republicans millions of votes.

No wonder he became poison to the politicians: not directly but by implication, he was raising the question of Eisenhower's physical ability to serve out another four years

For, in saying millions of voters would turn against an Eisenhower-Nixon ticket, he was saying millions wouldn't want Nixon for president if anything happened to Eisenhower.

The 49-year-old Stassen had been an immensely ambitious man. The national spotlight seems to attract him. He has been fluttering around it ever since 1940 when he was keynote speaker at the Republican convention.

Three times—in 1944, 1948, and 1952—he tried for the Republican presidential nomination. Three times he got his wings singed, finishing a poor also-ran.

He is not a man who stays quiet long. Steadily from 1944 to 1953 he had been making political speeches and public statements, advising both Democratic and Republican leaders what to do.

In 1953 Eisenhower gave him a government job. Most recently he has been the President's adviser on disarmament. In these jobs within the Eisenhower administration he hasn't had much opportunity for talking.

But a few weeks ago he broke through by announcing his drive against Nixon and suggesting Gov. Christian A. Herter of Massachusetts should be the Republicans' vice presidential candidate.

Herter hurriedly said he not only wasn't a candidate but would put Nixon's name before the convention. This didn't stop Stassen.

At once he said things looked better

Republican leaders crossed to the other side of the street to get away from him. They said they were all for Nixon.

So Stassen, without a candidate, came here to continue his fight. Pretty soon he found there weren't any delegates going along with him either—publicly, anyway. He gave up.

Another man might have simply kept quiet after this. Not Stassen. Under the bright glow of the spotlights he made a long speech for Nixon.

There are several places in the world's oceans where fresh water can be found. It comes from springs from subterranean rivers.

'Jet Age' Safety Program Moving

WASHINGTON (AP) — A three year, 250 million dollar "jet age" air safety program, accelerated by demands of modern aviation, was gaining flying speed today.

A Civil Aeronautics Administration announcement Wednesday pinpointed nearly 200 sites for installation of latest types of air navigation and traffic control equipment, beginning early next year.

CAA said contracts to be let by November will include 25 long range radar units costing between $750,000 and $1,009,000 each. Eventually 73 such units will be in operation, blanketing the nation.

Initial contracts, CAA said, will call for expenditure of a 75 million dollar fund available for the current fiscal year.

Weekly Food Review

By THE ASSOCIATED PRESS

Housewives nosing around for food bargains this weekend will find a variety of meats on sale—fried chicken, veal, lamb and ham.

No one store is likely to feature all four, of course, but all will be on sale at one store or another.

Sirloin steak and rib roast are up from 3 to 10 cents a pound in many stores, quickly reflecting record high wholesale prices for beef cattle. The wholesale peak was just last week, so the retail price may still be on its way up.

To balance the bee increase, pullet eggs are available at steep savings in many areas. This is the start of the "flush" season, when young chickens first start laying eggs, so the pullet eggs are more numerous.

One nationwide chain is selling pullet eggs at 33 cents a dozen vs. large eggs at 67 cents in the New York area.

Most vegetables also in good supply this week, with beans, cabbage, carrots, cauliflower and onions all rated as good buys. Salad staples such as lettuce, celery, cucumbers, onions and green peppers also have low price tags.

Peaches were reported a little high in price in some areas this week, but blueberries, cantaloupe and watermelons are good buys at most fruit counters.

Murder Charged

DAYTON (AP)—Lee Bryant, 40, of Dayton has been charged with first-degree murder in the rifle slaying of Thomas W. Barnes, 36, also of Dayton, last Monday night. Police say the slaying climaxed a quarrel stemming from a bet on a Cincinnati - Milwaukee baseball game.

Limits Picketing In Tiffin Strike

TIFFIN (AP) — Common Pleas Judge Ralph Sugure today granted a temporary injunction limiting the number of pickets to two at each entrance of the Lester Morton Trucking Co. terminal.

Morton sought the order against Teamsters Local 20 of Fremont. The firm, claiming it was the victim of a secondary boycott, said pickets followed its trucks to Toledo where they prevented unloading at plants of customers.

NYC Offers Its Stations For Sale

NEW YORK (AP)—The New York Central Railroad has put up for sale hundreds of passenger stations strung along its 10,700-mile system.

President Alfred E. Perlman said the Central would lease back whatever station space it needs for operations.

He added that sale of the station properties, which range from big termnals to the smallest branch line way station, would have no effect on the quality of rail service.

The Central said the decision to sell its passenger station buildings was made in an effort to reduce its passenger deficit, which it figured at $37,788,353 for last year.

A substantial part of this sum pays for maintenance and taxes on the railroad's extensive terminal properties, a company statement claimed.

Perlman said the Central was ready to consider any proposal for sale or long-term lease of 406 different stations. He said the only stations excluded from the offer are those in Manhattan and those not wholly-owned by the Central.

The largest properties included in the offer were the Buffalo, N.Y. Union Terminal and the Toledo, Ohio, terminal.

The Central identified the following Ohio stations as not part of the sale offer:

Union and Winton Place stations in Cincinnati; New York Central terminals in Cleveland, Columbus, Dayton, Crestline and Marion.

Raise Rates First

AKRON (AP)—The post office will never get out of the red until Congress raises postal rates, Asst. Postmaster General Ormonde A. Kieb told the National Federation of Post Office Motor Vehicle Employes Wednesday.

Discuss Elections In Lakers' Tieup

CLEVELAND (AP) — U. S. Steel Corp.'s strikebound Pittsburgh Steamship Division and two marine unions resume talks today on an acceptable way to hold bad gaining rights elections.

"A little progress" was reported by spokesmen after a session broke up Wednesday night.

The Marine Engineers Beneficial Assn. and the Masters, Mates & Pilots Assn. are striking Pittsburgh and three other shipping firms for recognition. The engineers union wants to represent the licensed engineers, the other union the deck officers.

Bond Investors Find Yield Good As 'Blue Chips'

Industrial Issues Have Had To Raise Interest To 4 Pct.

By SAM DAWSON

NEW YORK (AP)—Rising yields on corporate and government bonds are bringing them today within kissing distance of the returns on some of the blue chip stocks.

Some investors, therefore, are finding the bond market more attractive these days than the stock market.

Industrial and utility firms floating bond issues recently have had to raise the interest rate they will pay to 4 per cent — the first time in years they have had to go so high. Other companies, balking at these rates, have turned to the commercial banks for loans, thus further tightening the money market and bolstering interest chartes.

The yield on marketable government securities has been rising, too, although not as fast as on the top grade corporate issues.

Yields on stocks, on the other hand, have been shrinking in recent weeks. Bond dealers say the spread between the average yield on stocks and the bond average is now down to 33-100 of 1 per cent.

Yield is the measure of the return in dividends or interest on the money paid for a stock or a bond. The yield on many common stocks has fallen because the price has risen faster than the dividend rate. The yield on bonds has been rising because the price of bonds has fallen below par value, while the interest payment remains fixed.

Brokers say that one reason the price of government securities has been sliding in recent weeks is that the banks have been selling their holdings to get funds to lend to business at interest rates considerably higher than bonds pay. Now the price of marketable government securities has slipped far enough below par to make banks hesitate to sell their securities at a loss—another little twist to the tight money screw.

U. S. savings bonds aren't affected by the weakness in the bond market directly. They cannot be marketed, their redemption price is fixed and so is their yield. But as the yield rises on other government securities, on corporate bonds and other forms of investment, the savings bonds look less attractive. And sales of the H bond favored by the larger investors have declined.

Auto Traffic Good But Trucks Few On Indiana Pike

INDIANAPOLIS (AP)—Report from one day's activity on the 80-mile stretch of east-west Indiana toll road opened last Thursday:

Passenger car traffic above forecasts, truck traffic way, way below pre-opening day forecasts.

Albert J. Wedeking, executive director of the Toll Road Commission, said Tuesday 13,473 passenger cars used the newly opened stretch from the Ohio line to South Bend between 4 p. m. Friday and 4 p. m. Saturday. A rate of 12,371 a day had been predicted.

But the count of commercial vehicles for the road was 435 compared with a prediction of 5,290.

Wedeking said he does not expect full truck travel until the toll road is opened across the state.

An additional 60 miles west to Gary will be opened Sept. 17. The last stretch of the road to the Illinois line will be opened later.

Seeks Interstate Rating For US-21

COLUMBUS (AP)—The U. S. Bureau of Public Roads will be asked to include U. S. 21 from Canton to Marietta in the Ohio interstate highway system.

The state highway department has released a statement made four days ago by Director S. O. Linzell.

"I am giving U. S. 21 top priority over any other Ohio highway in such a consideration," Linzell said.

U. S. 21 between Canton and Marietta is 127 miles long. A study indicates it would be reduced to 100 miles on an interstate plan.

Thomas J. Sheehan, assistant district engineer of the U. S. Bureau of Public Roads, said several other states have requested additional interstate mileage and that Ohio's request would have to be handled along with the others.

List Of Jobless Remains Unchanged

COLUMBUS (AP)—The number of new claimants for unemployment compensation remained almost the same for the week ending Aug. 18 while continuing claims showed a slight decline, the Ohio Bureau of Unemployment Compensation has reported.

New claims totaled 7,493 as compared with 7,532 the previous week. Continuing claims dropped from 46,139 to 45,482.

New Township Is Created To Fix City's Problem

MEDNA (AP)—The Medina County commissioners have straightened out a problem in geography and taxation for residents of this city.

When Medina became a city a few years ago, it also remained in parts of four existing townships—Medina, York, Lafayette and Montville.

A resident of the city also was a resident of one of these townships. Each township had a different tax rate, so neighbors paid at different rates.

So the county commissioners created Boardman Twp., making its limits coincide with those of the city. The remaining pieces of the other four townships, outside the city, will continue in existence.

The new township was named in honor of a founder of this community, Elijah Boardman.

John Feels Gay On 104th Birthday

WARWICK, R. I. (AP)—John Savage danced a jig, admired a blonde on television, stuck his tongue out at a photographer and ate a huge meal on his 104th birthday.

Among his gifts were two quarts of brandy and a pint of gin.

ANY MEN ON MARS?

ON SEPTEMBER 7 the planet Mars will be closer to the earth than any time since 1924. It will be only 35 million miles away, or 5 million closer than two years ago.

This may seem of minor importance in the daily routine of most persons, but it is extremely important to astronomers. For they hope to clear up some mysteries about the planet at that time.

About 80 years ago an Italian astronomer detected some faint lines on the planet's surface. He labeled them "canali" or 'channels." Through popular oversimplification this became "canals" and raised visions of a great canal system built by intelligent beings to take water from the ice caps of the planet to create living areas.

Some astronomers since then have seen the "canals" or lines on Mars. Others have looked and failed to see them. This is one of the mysteries that may be cleared up next month.

If the lines turn out to be something other than "canals" and if the surface of Mars is found to be devoid of any kind of life—"little green men," lichens, underground worms or any of the other types suggested—then one of the terrors of life will be eliminated.

Then everyone can go back to worrying about earth's lower forms of life and how they may blow homo sapiens up with cobalt bombs. The only trouble is—what will they do with all those old movies about the "men from Mars" that still play some movie houses?

KNOWS WITHOUT ASKING

SENATOR ELLENDER of Louisiana, after visiting in Moscow, reports that Boss Khrushchev of the Russian communists contends there can be no easing of tensions and abatement of war fears so long as American air bases surround the Soviet Union. Americans who traveled in that country find that the same thought is uppermost in the minds of the Russian people.

Well, that's simple to fix on a cooperative basis to the gain of the Russian, the American and all peoples. Let the Soviet Union leaders quit the aggression which put America to the expense and trouble of installing the bases.

In the vacuum of disarmament after the war the Russians pushed out in all directions for territory. Red leaders said Russia was going to possess the world. Their minions caused tragic American bloodshed in Korea. They infiltrated every country in an effort to upset governments for selfish communist purposes.

Since self-survival is nature's first law, Khrushchev knows why the bases are in existence. He knows also how they can be eliminated. Their erasure would so reduce the burden of armaments that peoples everywhere could look to a far better way of life in the future.

The Russian dictators can have that any time they show that they want it.

Vacation season is drawing to a close, and the postman will soon be relieved of the task of delivering those sleeping-under-blankets-every-night postcards.

George E. Sokolsky's

These Days

The Vice Presidency is not more important today than it was when William McKinley ran for President and Theodore Roosevelt was nominated to the Vice Presidency to prevent him from making too great a nuisance of himself in New York State politics. It is no more significant today than it was when Calvin Coolidge was nominated because he put down a police strike in Boston, Massachusetts.

Those who are so exicted this year about this secondary position are stimulated by Eisenhower's ill health which may or may not continue. The Democrats can only be moved by the truism that all men are mortal and that ill health is not the exclusive characteristic of Republican Presidents, although all the Presidents who have been assassinated were Republicans.

Adlai Stevenson was correct in his attitude when he removed President Eisenhower's health as a campaign issue.

Richard Nixon is one of the few Vice Presidents who have been taken very seriously. Most Vice Presidents are ignored in or out of office. Who remembers Charles W. Fairbanks of Indiana, for instance? He was once Vice President of the United States, but why, I do not recall.

Nixon, however, has left an imprint as a member of Congress and as Vice President. He speaks things and does things and whether one agrees with him or not and whether one likes or dislikes him, nobody can ignore him. The Democratic Convention proved that, paying more attention to Vice President Nixon than has been usual in an opposition convention.

The leading Democrats know that Vice President Nixon has not been President Eisenhower's alter ego. Eisenhower has organized his office on the efficient basis of an army general staff with Sherman Adams as Chief of Staff and a large body of specialized experts as assistants. However, in the Eisenhower Administration, the Vice President has been an active member of the Cabinet and of the National Security Council, presiding over these bodies in the absence of the President.

The Vice President has also been sent to various parts of the world to represent the President and has been used in Washington to welcome and entertain foreign guests of the President. Under the staff system of the White House, it has been Sherman Adams, not Richard Nixon, who acts for the President.

It is likely that some of these new roles for the Vice President, initiated by President Eisenhower, will be continued by his successors, because it is logical that the Vice President should share some of the President's load if he is a suitable person for that purpose. Certainly, it is not expected that Kefauver would like to be a gavel-pounding dummy.

The opposition to Nixon has many motives, some of which are obvious. His activities in pursuit of Alger Hiss, when Nixon was a member of the House Committee on Un-American Activities, won him a host of friends and admirers among the anti-Communists, but also brought him many enemies among the friends of Alger Hiss and among those who felt that the Hiss Case was used to damage the reputation of President Roosevelt.

Nixon was projected into the 1954 Congressional campaign after the Republicans felt that they had been irreparably damaged in that canvass. He went into the fight as Harry Truman did in 1948, hitting hard and in all directions. The Democrats had taken the Eisenhower attitude of being above party seriously and expected that no fight would be left in the Republican Party.

(Continued on Page Ten)

A lightning bug produces light without heat, which is just the opposite of the campaign orator.

Challenge For Dr. Mays

A new novel by ELIZABETH SEIFERT.

© 1955, by Elizabeth Seifert. Reprinted by permission of the publisher, Dodd, Mead & Co., Inc. Distributed by King Features Syndicate.

CHAPTER 28

THAT NOON, looking entirely as usual, in striped T-shirt, clean old slacks, hair tousled, Chad Mays walked into the clinic. Charles Nolen had disappeared, and Newell McCrillis had easily returned to the anonymity of all reporters.

Dr. Mays seemed to think his unexplained absence was no matter for comment, and only shrugged when asked for an explanation of it.

He pushed the neatly stacked mail to one side, opened a drawer, got out a mashed candy bar and a handful of marbles. When Miss Barr came in he was eating the candy and making designs with the marbles on his desk blotter. Then he drew a length of what looked like adding machine paper out of his pants pocket, looked at it. Smiled.

"What's that?" she asked.

"List of incoming and outgoing calls from this office."

He didn't look at Hazel; he could feel her shock, sense the way she stiffened and then exerted care to control her expression. "I didn't know the board kept a record," she said faintly.

"Oh, sure." He tore the thing into little bits, across and across again. "What did Mrs. Van Horn want?"

Hazel licked her lips. "What everybody wanted," she said sulkily. "To know where you were."

Chad tipped back in his chair, grinned at his secretary and watched dull color seep painfully into her cheeks.

"A good memory," he said softly, "is worth so much!"

Then: "I've set up a lot of operations here in the clinic," he said thoughtfully, "all designed to dovetail, to function interdependently. They let me check, and recheck. I came here to get this thing in running order, to mesh its operations to as near *perfect* operation as possible."

Still watching her, he saw that she was recovering her poise. "You've done a wonderful job," she purred.

"It's not bad for ten weeks." He tipped way back in his chair. "We've screened about fifteen hundred people. Of that number, five hundred were found to have symptoms of various diseases. Sixty-nine were found to have heart and blood vessel disorders needing care. Three had chest disorders, and one needed surgery for a growth in his chest. He already has been operated upon. Successfully. Our chest reports alone seem to justify the clinic."

"It would be such a shame," purred his secretary, "if your fine start should be lost."

"Yes," agreed Chad, "it would be."

She moved closer to his desk. Leaned toward him. "Do you think . . .? Oh, Doctor, is there a real chance—a danger—of that lawsuit hurting you? The Directors have called a meeting for this afternoon. *They* must be worried."

He smiled at her, his teeth flashing. "Any doctor can make a mistaken diagnosis," he pointed out. "A group of them increases that possibility. All with the best intentions."

"Did they make a mistake in the case of that woman?"

"I don't know. But the suit has already hurt us. And the attendant publicity. Our business has decreased too sharply to deny the connection. The point is, Barr . . ."

She sat lightly on the corner of his desk. "Don't worry, Doctor . . ."

She smiled and leaned toward him to pat his shoulder. It was a rotten shame, her rich voice assured him, that a man like himself should be at the mercy of maybe only a single careless and incompetent doctor. But that being true, he surely should not let the thing hurt *him*. He was just too vulnerable. Medicine—as practiced these days—was too much a matter of dog-eat-dog. An idealistic man like himself . . .

His receptive smile increased her confidence, and she spoke ever more intimately to him. Her hand fell upon his shoulder, she leaned downward to him. She smiled. . . .

And he—

It *was* something like a game, he thought. Like tennis. A swift, cross-court game, played between two skilled and strong players, the woman ever bolder, the man watchful, alert, swift to seize the chance, to take the initiative.

Soon they were on their feet, standing close. Chad's arm drew her against him. She pressed her cheek against his.

One might have said they played their game in unison, that neither opposed the other, nor the purpose, that each strove for the same point . . .

Chad, she thought, was just like all men. She had known *that*, from the first. She knew the kind of women he liked, too. She hadn't therefore believed any of the gossip linking his name with Lacey Van Horn's . . .

The red head sensed triumph, the red lips pouted, invited . . .

And upon the glass-topped desk the telephone rasped loudly, insistently.

Hazel pressed closer, and Chad looked around at the offending instrument with a frown. Then he reached for the phone; he was whistling softly.

"Mays here," he said. Listened. "Of course. Send her in."

He put the phone back, tenderly, drew Hazel roughly against him, kissed her cheek roughly, bruisingly and roughly pushed her away.

"Mrs. Milburn," he said coldly. "Get that smirk off, but quick!"

"And you . . ." she said liltingly. She walked into the outer office. Chad sat down again at the desk, the back of his hand rubbing at his jaw where the woman had nuzzled him.

Alice Milburn came in, all beads and ruffles and French perfume. Hazel's eyes were primly respectful as she murmured the rich woman's name, and gently closed the door behind her.

Chad got to his feet, seated his caller, resumed his chair. He let Mrs. Milburn do the talking. She asked where on earth he had been, no one could seem to locate him—and how was the clinic going? John Blandin had told her that it was better for everyone to keep hands off with Dr. Mays, and she had tried—but *really!*

What did he think about that lawsuit? Did he know about the Directors' meeting at four? What makes you men hire women like Miss Barr? No, no, he'd better not tell her. She guessed she knew . . . She did hope that Chad was smart enough to watch the girl—eh?

Chad waited. Obviously Mrs. Milburn had other things on her mind than the clinic, and Chad's red-haired secretary. She'd get around to them, just as she'd stop adjusting her bracelets, tucking a stray curl back beneath the web of her white veil, using her store of smiles and glances. Alice's chatter fell into a slower rhythm; the ringed hands moved ever less—and less.

"I came," then said Mrs. Milburn, softly, plaintively, "to tell you that Lacey is planning to go away. To leave."

You're Telling Me!

By WILLIAM RITT
Central Press Writer

The Democrats accuse the GOP of fostering bigness, and there may be something to it. For instance, when they went in for generals they got the biggest there was.

The Democratic platform accuses the GOP of not offering "a single concrete new idea" in world affairs. Furthermore, anyone can see relations have not been cemented.

It isn't that the Democrats think the house is divided against itself. It's just that the tenants aren't getting along with the neighbors.

The Democrats commend Congress for "the greatest program for expansion of our highway network in history." And they hope the Republicans hit the road.

Everybody who is anybody in the GOP hit the road for San Francisco. Except John Foster Dulles, who is always somewhere else.

It's strange, the sedateness of the San Francisco convention compared to Chicago. After all, most of the delegates went farther away from home.

The only real shock for the Republicans in San Francisco was curb parking. Some of them could see how close they were to being over the hill.

Excluding Alaska, the most westerly point in the United States is Cape Alva, Washington.

There may be as many as 100,000 worker bees in a big hive.

Fish caught annually in the United States amount to four and three-fourths billion pounds.

The Amazon river is 50 miles wide at its main mouth.

Bennett Cerf's

Try, Stop Me

At the country estate of a distinguished Doubleday editor, a small boy's head appeared over the fence, and a meek voice inquired, "Please, Mr. Beecroft, could I have my arrow back?"

"Certainly, my boy," responded the editor with that spontaneous love for the young that has made him famous. "Where is it?"

"I think," said the small boy, "that it's stuck in one of your cats."

Correspondent at the Congressional Library in Washington vows he heard a Westerner in a broad-brimmed sombrero call to his wife, "Hey, Jennie, come over here and look at this Gettysburg Bible!"

The four-year-old daughter of Ad-man Philip Covington, outside Westport, Conn., asked her father how she might catch a bird. "Sprinkle salt on its tail," he advised. That evening she came home with four birds.

Outfitters To The Stars

By HAL BOYLE

NEW YORK (AP)—Today's success story:

One of Broadway's most successful showmen never sang a mammy song, played Hamlet, or wowed the nation with a catchy punchline.

He is Cye Martin, an ex-shoeshine boy who has carved himself a profitable career as clothier to their royal majesties, the "top bananas" of the entertainment world.

At 13, as stage-struck as "any cluck from Keokuk," Cye came down from the Bronx and set up a shoeshine box outside Lindy's restaurant at 51st and Broadway. Soon the awed kid was brushing the brogans of Eddie Cantor, Lee Shubert, George Jessel and Bert Lahr.

"I charged a dime," he recalled, "but they usually flipped me four bits or a buck."

Cye then worked as a candy butcher in Times Square burlesque houses when Milton Berle, Red Buttons and Jackie Gleason were young comics in the bump-and-grind industry.

Then, after 16 years as a clothing salesman, he opened his own store—next door to Lindy's only a few feet from the spot where he had first pitched his shoeshine stand.

Broadway, where every feller needs a friend and the first law is palship, stuck by Cye.

"Jackie Gleason bought 75 suits from me the first three years I was in business," recalled Cye. Today his clientele includes such show world notables as Berle, Jerry Lewis, Dean Martin, Tony Bennett, Jack Leonard, Sammy Davis Jr., Frank Sinatra and Eddie Fisher.

Men performers are as clothes conscious as women — the top earners spend $10,000 a year or more on their outfits—and for a very good reason.

"Their clothing is as important to them as their material, their music, or any other part of their importance," said Cye.

"The days when Broadway figures wore long key chains, bell-bottom trousers and bright yellow shoes are over. They dress smartly now, partly because television requires it."

Cye, whose store is in the former entrance to the Mark Hellinger Theater, runs it like a Broadway production. He even uses theatrical lighting for his windows.

He believes Sinatra is currently the best-dressed man in show business, and keeps a wooden model of "The Voice" handy, so that he can custom tailor new suits for him and send them to any part of the globe Sinatra is visiting.

"Most top performers buy 15 to 20 suits a year," he said, "at $165 to $225 each. They like their suits tailored, but most of them buy their sport jackets off the rack."

Recently Leonard, who dieted down from 330 pounds to 205, had to give away a 40-suit wardrobe.

"Now I buy a tie for dessert," he told Cye.

LAFF-A-DAY

"Gentlemen, I wish to announce a merger."

Looking Back In Pickaway County

FIVE YEARS AGO

Ervin Leist, public utilities manager, stated that city water would be treated to get rid of the rust and discoloration.

Miriam Bach, 15, and Ronald Rivers, 17, both of Monroe Township, were named as healthiest 4-Hers in the county.

A Columbus firm was awarded a contract to construct a cafeteria in the basement of the high school.

TEN YEARS AGO

Blue Ribbon won the night softball title by blanking Stansbury-Stout 3 to 0.

City schools' opening was set for Sept. 12.

"Stinking smut", a grain disease, damaged about 25 percent of the county wheat crop.

TWENTY-FIVE YEARS AGO

Maizo Mill in Circleville was closed by a court order as the result of a civil action.

A chicken laid an egg in the choir loft of the Mt. Sterling Presbyterian Church during a worship service.

H. White Campbell, a Williamsport banker, was injured fighting a blaze while a member of the volunteer fire department.

45 Gather For Inspection Of Scioto Valley Grange

Judge Cline Gives Talk At Session

Forty-five members gathered for the latest meeting of the Scioto Valey Grange, which featured a covered dish supper.

This session was the group's annual inspection. County Deputy John Dowler and Mrs. Dowler, juvenile matron, were the inspecting officers.

Plans were discussed for a trip a radio program and several members were selected to appear on the show, September 1. Final plans for the trip will be completed at the next meeting.

"Youth was the theme of the program for the evening. Mrs. Roy Krieger, acting lecturer, introduced Judge Guy Cline.

Judge Cline, a Grange member, presented a talk on the various phases of the duties of his job as Pickaway County Probate Judge.

A vocal solo was given by Carol Sue Doersam entitled, "What Is To Be Will Be." She was accompanied by Carolyn Forshey.

A group of eight young men, who have formed a popular dance orchestra, entertained with a group of old and new musical selections. Arthur Mershon played several accordion numbers.

The next meeting will be held August 28, when Mr. and Mrs. William Defenbaugh will give a talk and show pictures of their trip to India.

* * *

Fish Dishes Give Change To Meal

Ground nuts give an unusual exotic flavor to a tuna fish dish that is outstanding.

Make a cream sauce, melting four tablespoons butter and stirring in four tablespoons flour, ¾ teaspoon salt, dash of pepper.

When well-blended, gradually add two cups milk, cooking until thick.

Add one cup ground nuts, preferably almonds.

Cut one canned pimiento strip in small pieces and add to sauce.

Flake a 13-ounce can tuna fish and add to white sauce.

Pour in greased baking dish, garnish with one pimiento strip and four almonds on top. Bake at 350 deg. F.

Baked codfish cakes are nice for a change! Cook one cup shredded codfish and 1½ cups sliced, raw potatoes in boiling water to cover.

When potatoes are soft, drain, beat mixture and add one cup milk, tablespoon butter and salt and pepper.

Fold in three stiffly beaten egg whites to which ½ teaspoon baking powder has been added. Drop into buttered muffin pans and bake at 375 deg. F.

Beat two cups of milk and a pint of soft chocolate ice cream together with a couple of tablespoons of instant coffee powder for a hot-weather treat. Serve in pretty glasses.

Do not cover meat if you are pan-frying it, and cook it in the smallest amount possible of fat.

Approximately 55 Attend Reunion Of Smith Family

Approximately 55 relatives from Springfield, Pataskala, Kingston and Circleville attended the Smith family reunion, held in the home of Mr. and Mrs. Willard Whaley of Fox.

The picnic dinner was served on the lawn and entertainment was furnished during the afternoon by Ronnie, Joan and Shirley McNeal, who sang hymns. Horseshoe pitching and ball games were enjoyed by the men.

Those attending were: Mr. and Mrs. Herman Smith and Richard, Cecil, Honor and Lilly; Mr. and Mrs. John Coey and Beverly and Louise; Mr. and Mrs. George Whaley and Donna, Ellen and Debby; Mr. and Mrs. Edward Whaley and Joyce and Shellie; Mr. and Mrs. Harold Edwards and Terri and Mr. and Mrs. Kenneth Sowers Jr. and Denny and Penny.

Others present were: Mr. and Mrs Harry Garrett Jr. and Kandy; Mr. and Mrs. Honor Smith and Mary, Betty and Roy; Mr. and Mrs. Richard Whaley and Rosemary, Charles, Sally, Sharon and James Clifford; Mr. Russell Whaley; Mr. and Mrs. Pearl Whaley and Larry, Bobby, Patrick, Steven and Vicki Lynn and Mrs. James Whaley and Joan.

Guests for the event were: Mr. and Mrs. Kenneth Sowers Sr. and Mr. James Kaiser.

* * *

Southern Tour Enjoyed By Three

Mrs. Ira Valentine, Mrs. Fannie Friend and daughter, Mary Ellen, have just returned from a motor trip through the Blue Ridge and Alleghany mountains and the southern states.

They visited Mr. and Mrs. Donald Friend and family of Greensboro, N. C., and Capt. and Mrs. Charles N. Valentine and family of Ft. Bragg, N. C.

They also visited: universities, colleges, hospitals, textile mills, tobacco factories, oil refineries and many other historical buildings.

They spent some time on the beach near Wilmington, N. C., before returning home by Kentucky.

4H CLUB

The 11th meeting of the Duvall Go-Getters Livestock 4-H Club was held in the home of Joe Caldwell with Nancy Cromley, president, presiding.

Final plans for the community were made and Kate Cromley was chosen to represent the club as Queen at Pickaway Fair.

Billy Reid gave a demonstration on "Colts," and Martha and Kathy Courtright demonstrated "The Feeding of Hogs."

Club members who plan to exhibit at Ohio State Fair are: Cindy and Marty Young, Carol, Billy and Terry Reid, Joe Caldwell, Eddie Dountz, Kate Cromley and Bob Peters.

The group discussed the outcome of the picnic and tour, which had been held.

Members worked on their project books during the remainder of the evening. Refreshments were then served by the host.

* * *

The 10th meeting of the Washington Hillclimbers 4-H Club was held. The session opened with Myron Leist leading the group in the 4-H pledge.

Members purchased shirts with the club name on them and road signs were given to the group to be placed around the county.

The group planned to start their club tour from the home of Roger Rase, and David and William Penn will be hosts for the next meeting.

Solaqua Garden Club Members Conduct Meet

The Solaqua Garden Club held its monthly meeting in the home of Mrs. Russell Perrill.

The session opened with the scripture reading by the hostess and the praying of "The Lord's Prayer" in unison.

The club's new president, Mrs. Hott conducted the business meeting.

Feature of the afternoon was the guest speaker, Edna Perrill Adel of Groveport, who gave a talk on bells. She has a collection of 450 bells, which she has obtained from parts all over the world.

The speaker told the history of bells, from the Temple Bells of India to the lowly cow bell. She reported that Paul Revere's family were the best makers of bells in the United States.

The speaker also told that a bell rings every minute some place in the world and that bell ringing dates back to the time of Christ.

Refreshments were served by the hostess and Mrs. Homer Peters, co-hostess.

Guests for the meeting were: Mrs. George McDowell, Mrs. George Messick, Mrs. Ernest Martin, Mrs. George Cummins, Mrs. Dave Drummick, Mrs. Parker Cook, Mrs. Gordon Perrill, Mrs. Wiemer Perrill, Mrs. Anna Schieser, Miss Mary Francis Decker, Mrs. Amy Scothorn, Miss Judy Huston, Miss Sally Hines and Miss Merriellen Downs.

Local Art League Holds Meet In Montelius Home

Members of the Circleville Art League met in the home of Mr. and Mrs. H. E. Montelius of Circleville Route 1.

For the evening's program Mr. Montelius showed slides and described the Breakers, which is the Vanderbilt mansion in Newport, R. I.

Richard Morris Hunt, architect, carried out Cornelius Vanderbilt's idea of a Summer residence, modeled after the renaissance period.

The North Italian villas of Genova and Turin were used as models for the mansion. The remarkable part of the undertaking was that it only took two years to build and parts were secured from different places of the world.

Mr. Montelius also told that the mansion has four floors and consists of 70 rooms. He showed slides of: the ladies reception room, great hall, grand stair case, grand salon, library, morning room, billiard room and the Flemish tapestry.

During the business session the group decided to sponsor the Juvenile Fine Art display at the county fair, which is in charge of Martha Reid.

Mrs. Roy Wood and Mrs. Edwin Bach Jr. were appointed to be in charge of the Pumpkin Show. The group discussed having a float in conjunction with the Junior Art League.

At the close of the meeting the host served refreshments.

Why "Good-Time Charlie" Suffers Uneasy Bladder

Such a common thing as unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery — don't wait — try Doan's Pills.

Doan's Pills have three outstanding advantages—act in three ways for your speedy return to comfort. 1—They have an easing soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

By MRS. LEORA SAYRE
Home Economics Agent
Extension Service

It's plum pickin' and eatin' time! So if we put in a thumb, accompanied by the neighboring fingers at the market, fruit stand or orchard, and pull out a sack of plums—we will be just as brave, or lucky, as Jack Horner.

The early colonists found plums from New England to Florida, but before the colonial period, plums were eaten by Italians.

August is a good time to put plums at the head of your shopping list, because this is the month when supplies of plums are at their peak. Fresh ripe plums, homegrown and shipped in, are in plentiful supply on most markets now. Consumer specialists tell us that California, a major plum shipping state, is expecting a nine percent larger crop than last year and a 20 percent larger than the average crop.

Whether you prefer red, yellow or purple plums, the specialists tell us that plums of good quality will be plump, clean, fresh in appearance, full colored for the variety, soft enough to yield to light pressure and free from decay. Softening at the tip is a good indication that the plum is ripe.

* * *

Plums have the largest number of varieties of any of the stone fruits. The most common varieties found on the markets are:

SANTA ROSA—a large conical, purplish-crimson colored plum. Its flesh is yellow to dark red near the skin. It is juicy with a pleasing but, somewhat, tart flavor. **DAMSON**—a small oval, black plum used principally for jellies and jams. **GREEN GAGE**—a group of plums rather than a single variety. They are small, oval, green or yellow-green, with a tough skin. The flesh may be either greenish yellow or golden yellow. They are sweet, juicy and firm. **ITALIAN and GERMAN PRUNE** — medium to large with a dark blue skin. It has a pleasing, tart flavor and a firm flesh. **STANLEY**—a large dark blue freestone plum. The flesh is greenish-yellow iin color and firm. **PRESIDENT**—a purple plum when ripe. It has a firm, red flesh. **WICKSON**—a large heart-shaped plum. The skin is yellow overlaid with a whitish bloom that, ripens to a yellowish red. The flesh is bright yellow. It is juicy and has an excellent flavor

Plums are not good keepers. Once ripe, they spoil rapidly at room temperature. Use plums as soon as ripe or store in the refrigerator for only a day or two, because flavor deteriorates rapidly.

With very few exceptions all plums are canned with pits. Removing of pits is difficult and the resulting fruit is not as attractive in appearance. Canned, unpitted plums should not be held over from one year to the next.

* * *

Plums have a refreshing tart sweetness that make them ideal for pies, stewed fruit, preserves, jellies and jams. They are tasty in ice cream, Bavarian creams, cakes, tarts, Kuchen, salads, (Betty variations,) porridge, dumplings and puddings. Then quite naturally they are good to eat out-of-hand, between meals.

Following is a guide to the quality to purchase: one pound, six to 10 medium plums or less than one pint; one crate, 27 pounds, 19 to 28 pints; one bushel, 56 pounds or 38 to 56 pints.

Most Plum Puddings are without plums! Here is a pudding recipe which specifies Italian Plums: Arrange one pound Italian plums, halved and pitted in the bottom of a greased casserole and sprinkle with ¼ cup sugar. Blend one cup flour, one cup sugar, 1½ teaspoon baking powder, and one teaspoon salt; add one well beaten egg and mix together well. Spread this batter over the plums and bake in a moderate oven for 30 minutes or until lightly browned. Serve with plain or whipped cream.

* * *

School days will soon be present and it is time to think of those regular "milk breaks" all students should have. "More children ought to have the chance to drink more milk." This was stated in a law that will expand the Special Milk Program to include non-profit nursery schools, camps, and settlement houses, as well as schools.

The special program was in effect in about one-third of the schools in the United States last year. These youngsters drank something like one billion, four hundred million half-pints of milk, enough to make a line of milk cartons twice around the world.

Ants, caterpillars, cicadas and other insects, as well as various dishes compounded of snake meat, are included in the native diet of the Australian bush.

IT'S the LAW

This is another in a series of articles prepared by the Pickaway County Bar Association and printed by The Herald as a public service. The articles are not intended to answer the legal problems of any specific individual. And names, whenever used, are fictitious. Purpose of the series is merely to outline the law that applies, with variations, in common types of litigation.

Indictment Is Not Same As Contion By A Court.

What does indictment by a grand jury mean? We are inclined to confuse indictment by a grand jury with a court conviction for the crime. This is unfair to anyone who becomes the subject of a grand jury investigation.

Justice, in the United States, is based on the theory that man is innocent until proved guilty, and public opinion should withhold its verdict until the courts have had an opportunity to determine guilt or innocence.

An indictment is only a written accusation presented by a grand jury to the common pleas judge assigned to it. It charges some person or persons with a crime. It is not a conviction.

When a grand jury indicts a person, it merely affirms that there is sufficient reason for him or her to stand trial. That is as far as the grand jury goes. After that, the judge and trial jury take charge of the case.

* * *

THE IMPORTANCE of a grand jury verdict is this:

If it votes to indict, the prosecuting attorney must prosecute the person indicted.

If the jury votes not to indict, the suspected person cannot be tried.

In most cases, the prosecuting attorney informs the grand jury of persons or crimes to be investigated and produce the evidence for it. However, the jury is free to order any further witnesses it may wish to hear brought before it, and is by no means limited to the evidence the prosecuting attorney produces. It is even possible for the grand jury to investigate persons or crimes without the prosecuting attorney's help.

The grand jury is one of the basic protections enjoyed by the common man against outrageous procedures by would-be tyrants, and dates from early Anglo-Saxon times.

When called for a grand jury you share with your fellow citizen some of the most solemn responsibilities known to our democracy. Action of almost life-or-death importance may hinge upon your vote.

A grand jury cannot require a suspect to testify before it. If it does, and he is indicted, the court would have to dismiss the case against him.

Suspected persons sometimes ask to be allowed to appear before a grand jury to testify in their own behalf. They may do so and still be prosecuted and convicted, provided they sign a waiver of their constitutional rights.

Withhold Technical Aid To Egyptians

WASHINGTON (AP)—The United States has halted the normal flow of foreign aid technicians to Egypt and has taken steps to hold up delivery of some 20 million dollars worth of heavy transportation equipment.

These twin moves have been ordered by the International Cooperation Administration as a precaution, pending settlement of the bitter Suez Canal dispute.

Responsible officials said some "minor" foreign aid shipments are continuing.

Further, they said, the United States has no intention at present of closing down its 102-man foreign aid mission in Cairo.

Exploration Of Ocean Deep Is Announced

WASHINGTON (AP)—The National Geographic Society said today it has explored with cameras and other equipment one of the deepest parts of the Atlantic Ocean, the Romanche Trench.

The announcement said the research ship Calypso was anchored successfully in water 24,600 feet deep, "undoubtedly the deepest anchorage ever achieved."

The anchor, held by a nylon rope less than one-half inch thick, kept the 142-foot-long ship "steady as a rock," the society announcement said.

The Romanche Trench is midway between the bulges of the African and South American continents. Sonar equipment and special cameras were used to survey its depths.

The cameras, which were lowered on nylon cables less than one-quarter inch thick, will be opened and the film developed after the Calypso returns to port at Marseilles, France, Aug. 27.

The ship is a former U. S. minesweeper now under command of Capt. Jacquesyves Cousteau, a Frenchman cooperating in the National Geographic project.

If the survey of the Romanche Trench is successful, as appears likely, the society—in cooperation with the French government and Capt. Cousteau—plans to explore the deepest "deep" of all—the Challenger Depth in the Pacific near Guam.

It lies under almost seven miles of water—35,640 feet deep at its lowest trench.

To Graduate 172

CINCINNATI (AP) —The University of Cincinnati will award 172 degrees and certificates at its annual summer commencement Saturday. That will be 51 more than were conferred at the 1955 summer commencement.

Driver's License Is Lost For Life

SPRINGFIELD (AP) — Early J. Brincefield, 38, of Springfield, has lost his driver's license for life.

Municipal Judge Ben J. Goldman called Brincefield's record of traffic violations "one of the most flagrant that has come into this court in several years."

Brincefield, who pleaded guilty to operating a motor vehicle while his driver's license was suspended and to driving while intoxicated, was also sentenced to 150 days in jail and fines totaling $800.

Brincefield's penalties for traffic violations include fines totaling more than $1,000 and some 140 days in jail since 1951.

Delay Decision On Cedar Point Park

SANDUSKY, Ohio (AP)—The Ohio Legislative Service Commission has postponed any recommendations on a proposal to turn Cedar Point into a state park until an Erie County court case is decided.

The 10 - member commission, headed by Rep. F. K. Cassell of Carey, met at Cedar Point Wednesday to hear the thoughts of Sandusky area leaders on the proposal, but accomplished little. Cassell said another meeting would be held before the State Legislature convenes in January. The commission is to make recommendations to the Legislature.

Pending in the Common Pleas Court is a plan for a real estate snydicate to purchase the resort area from a trust which owns 51 per cent of the common stock in the B. A. Boeckling Co., owner of the point. The real estate snydicate intends to turn the land into a residential development. The deal, however, is subject to approval of the Erie County Court.

As A Production, This GOP Convention Lacking Polish

By SAUL PETT

SAN FRANCISCO (AP)—Don't accuse the Republican National Convention of being dominated by Madison Avenue.

Madison Avenue might sue.

Certainly, the advertising and public relations experts who are helping can't be too happy with the way the convention has been put on stage. As a production, the show needs more work, more polish, better timing.

The women talked too long and the Cabinet members were practically talking to themselves while being upstaged by a fellow named Eisenhower. Somebody fell off the beam.

However, this reviewer liked the Herbert Hoover role.

He was greeted by five minutes of warm applause and dancing signs that said, "We Love You, Mr. Hoover." It was the first big emotional moment of the convention.

* * *

FOUR YEARS ago, the ex-President told the Republicans it was probably the last time he'd address them in convention.

And here he was, back again Tuesday night at 82, making quiet little jokes about the actress who made six tearful farewell appearances.

Hoover stood blinking under the lights, his thinning hair a yellow-white, his eyes lost under wispy white brows, a small wry smile playing over his eyes. Made you think of a benign bond Buddha.

He thanked the delegates but there were no tears, no break in his voice. He read from the teleprompter in his own slow, deliberate pace. He tolerated the applause but rarely looked up.

Hoover left stage center and the women took over.

As each lady speaker came up, she was followed by a girl in white carrying a sign announcing the subject.

The emcee said, "And what word do you have for us, Frances?"

And the lady speaker said, "My word is most beautiful — peace." And while she talked of peace, the girl held up a sign saying, "Peace."

* * *

AND THE emcee said, "And what is your word, Mary?"

And Mary said, "This is the word I speak — Unity." And the girl held up a unity sign.

Between appearances, George Murphy, the actor turned politician, was madly signaling the band for the appropriate music.

And as each speech ended, the girl with the sign went down on the convention floor before the platform

And when all the speeches were done, the girls suddenly flipped the signs over and, lo and behold and heavens to Betsy, all the signs, using the first letter of each speaker's subject, now spelled "Republican women."

This definitely wasn't a slick Madison Avenue job. Reminded me of a jazzy pageant we put on in the seventh grade.

One boy came dressed as a book, symbolizing "knowledge." A girl dressed as a tree symbolized "nature," and I was a big black chunk of coal for "power." The reviewers panned that one too.

Sokolsky's These Days

(Continued from Page Six)

They took the view that it made little difference to Eisenhower whether Republicans or Democrats were elected to Congress. Nixon was a surprise. Although he did not win the Congress, he cut Republican losses and emerged as a leader.

But the attacks on him are really indirect attacks on Eisenhower. However, as the Democratic Convention proceeded, the attack on Eisenhower became increasingly more direct and indicates that the campaign will be sharp and focussed and the target will be Eisenhower.

All the talk of the importance of the Vice Presidency in the Democratic Convention was designed originaly as an attack on Nixon, but it began to look as though the Democrats had no arguments against Eisenhower and took a lesser target. Stevenson hit at Eisenhower in his acceptance speech.

The open convention at Chicago will not affect the Republican situation at San Francisco because according to information that reached me, Nixon has a pledge of 900 votes which, of course, is more than enough.

Dividends Increase During Early '56

WASHINGTON (AP) — Cash dividend payments to stockholders were 15 per cent higher during the first seven months of this year than in the same period in 1955.

A survey by the Commerce Department, limited to corporations issuing public reports, showed cash dividends paid by these firms through July amounted to $6,100,000,000. This compared with $5,300,800,000 in the January-July period of booming 1955.

July dividends amounted to 732 million, a gain of 63 million over that month last year.

NOTICE TO CONTRACTORS
STATE OF OHIO
DEPARTMENT OF HIGHWAYS
STATE HIGHWAY
PURCHASING OFFICE

Legal Copy No. 56-354
Requisition No. 6244
Invitation No. 336
Project No. 918-56

UNIT PRICE CONTRACT

Sealed proposals will be received from prequalified bidders at the State Highway Purchasing Office, Room 808, Ohio Depts. Bldg., Columbus, Ohio, until 11:00 A. M., Ohio Eastern Standard Time, Monday, September 10, 1956, for furnishing all services, labor, material and equipment necessary to apply T-30, T-35 asphaltic concrete surface course according to State of Ohio Department of Highway Construction and Material Specifications dated Jan. 1, 1955, as directed by Division Engineer, in accordance with the plans on drives and parking areas for Department of Mental Hygiene and Correction, Columbus State Hospital, Franklin County, Ohio, and Orient State Institute, Pickaway, County, Ohio.

Proposal No. 1

Columbus State Hospital, Franklin County, Ohio. 11,167 sq. yds., 1.15 miles.

Proposal No. 2

Orient State Institute, Pickaway County, Ohio., 47,492 sq. yds., 4.25 miles.

Completion date: 30 days after notification.

The bidder must submit with his bid a certified check in the amount of $1800.00.

The minimum wage to be paid to all labor employed on this contract shall be in accordance with the Schedule of Prevailing Hourly Wage Rates Ascertained and Determined by the Department of Industrial Relations applicable to the State Highway Improvements in accordance with Sec. 4115.03 thru 4115.07 of the Revised Code of Ohio.

Before issuing a contract the successful bidder will be required to furnish bond in an amount equal to one half of the cost of the work.

Plans and specifications are on file in the State Highway Purchasing Office, Columbus, Ohio, and the State Highway Division Office, E. Williams St., Delaware, Ohio.

Prequalification: Bidders must apply for prequalification with the department at least 10 days before the date set to open bids. Information pertaining thereto and prequalifying blanks may be obtained from the Highway Credit Examiner, Room 907-E, Ohio Depts., Bldg., Columbus, Ohio.

Bidding forms will be forwarded from the Purchasing Office upon request.

The Director reserves the right to reject any and all bids.

S. O. LINZELL,
State Highway Director

Nothing Learned In Exhuming Of Riesel Attacker

NEW YORK (AP)—A police officer has reported that the body of a slain hoodlum linked by the FBI to the acid blinding of labor columnist Victor Riesel was too decomposed to determine whether the face had acid scars.

The body of Abraham Telvi, 22, was exhumed Tuesday from a Queens cemetery, where it had been buried in a wooden coffin July 28.

Dist. Atty. Frank S. Hogan obtained a court order for an examination of the body in his own investigation of the Riesel case and Telvi's death.

The FBI has charged that Telvi was hired to throw acid in Riesel's face last April 5, and in doing so was splashed with acid. The FBI said the acid left scars on Telvi's face and he was slain because he bore the tell-tale marks.

The police officer, who declined use of his name, confirmed reports that Telvi's body had not been embalmed. A policy autopsy report made shortly after the body was found made no mention of acid scars on Telvi's face.

Jennifer Back To School; Heart Fixed

CLEVELAND (AP)—Thirteen-year-old Jennifer Vanzoest will be going back to school in Celeryville in a few months with a patch in her heart. Doctors say she'll be able to run and skip rope with the rest of the children in the Huron County community.

A few years ago, Jennifer would have been doomed to an early death. Now, because of an operation which has become almost commonplace, she can look forward to a normal life.

A cross-circulation pump, which keeps blood moving through the body while surgeons work on the heart, is the key to the operation.

Jennifer was born with a defective heart. The passageway from the bottom part of the upper chamber of the heart to the top part of the lower chamber was undeveloped.

To correct this, a patch of a spongy material 2 inches by 1¼ inches was placed over the abnormal parts. Tissue grows over the patch and the heart develops normally.

Jennifer is at Marymount Hospital, where Dr. John J. Kralik worked inside her heart Monday morning for 43 minutes. By Tuesday evening she was walking short distances. Dr. Kralik says she'll be completely healed in about two months.

Someone Dissents

SAN FRANCISCO (AP)—Seen on San Francisco's Post Street: An Eisenhower bandwagon car with its big "Let's back Ike!" sign sabotaged. An "S" had been painted neatly over the "B".

Friendly Cards Keeping Brooks In League Race

Champs Win Again To Narrow Gap Behind Milwaukee

By THE ASSOCIATED PRESS

Don Newcombe, with 19 victories, and Duke Snider with 33 home runs, have been big guns for Brooklyn's world champions, but where would the Dodgers be without those friendly St. Louis Cardinals in the National League pennant race?

The Brooks have won more games from the fourth place Cards than from any other club—mainly because the Redbirds have kicked in 20 unearned runs in their 20 games.

It was the same old story Wednesday night as the Dodgers scored four unearned runs to beat St. Louis 5-3 for a 15-5 season mark against the Cardinals. The Dodgers edged within two games of first place Milwaukee, beaten 2-1 by the last place New York Giants.

The victory kept the Dodgers a full game ahead of the Cincinnati Redlegs, who defeated Pittsburgh 6-3. The two challengers meet in the opener of a three-game series at Crosly Field tonight with Newcombe going for No. 20 (opposing Johnny Klippstein).

Chicago's Cubs defeated Philadelphia 8-3 in the other NL game.

In the American, the New York Yankees defeated Cleveland 3-2 on a double error by Al Rosen on one play that lifted the Yanks back into an 8½-game lead over the second place Indians. The third place Chicago White Sox split a day-night pair at Boston with Billy Pierce winning his 18th with a 6-3 decision over the Red Sox, who then came back to win 7-6 and move within six points of the Chisox.

Detroit peppered Washington 9-3. Kansas City defeated Baltimore 7-2 in 11 innings.

Kiwanis Nine Wins Little League Title

Champs Post 10-8 Victory Over Jaycees In Extra Inning Game

Kiwanis, by virtue of a 10 to 8 victory over Jaycees in an extra inning thriller, earned the Ted Lewis Park Little League championship of 1956.

At the end of six regular innings of play the score was knotted 8 to 8. After trailing 4 to 2 at the end of four innings of play, the Kiwanis nine came to life in the top of the fifth and sixth frames to score six times for an 8 to 4 lead.

However, the Jaycees crew roared back in the bottom of the fifth and sixth stanzas with four tallies to tie the score at eight all.

Leading off in the extra-inning seventh, the Kiwanis sluggers chalked up two more markers to regain the lead. The losers tried to get a rally started in their half of the final frame, but the effort ran out of steam.

* * *

DADE AND Wellington, pitching for the winners, registered 10 strikeouts. Jaycees pitcher Weller also retired 10 batters on third strikes.

Short-stop D. Phifer smacked a triple for the losers cause and centerfielder Drumm delivered a three-bagger for the winners. The only other extra base hit of the game was a double by Jaycees catcher B. Ford.

Each team collected eight hits in the championship battle. The Kiwanis lads committed only one error during the game and the losers bobbled the ball five times.

Here is the line score:

Kiwanis	101	051	2	10	8	1
Jaycees	021	113	0	8	8	5

Dade, Wellington; Brannon Weller; Ford

Olympics Captain Ordered Barred

CHICAGO (AP)—William T. Smith, U. S. Olympic wrestling team captain, has been ordered barred from the 1956 Olympic Games at Melbourne by the Central AAU which said he held a paid coaching job at a Rock Island, Ill., high school.

Marvin I. Thomas, chairman of the registration committee, investigating charges against Smith, said:

"Smith did not produce any creditable evidence to alter the fact," he received payment for a wrestling coach position for four years in the Rock Island school system.

Championship Tilt Scheduled Tonight

A play-off game between Purina and Eshelmans that was rained out Monday is scheduled tonight at 6 p. m. at Ted Lewis Park.

Tonight's contest will decide the Mosquito League championship. Each team has won one game so far in the best of three games play-off series for the league title.

Labine's Wrist Is Hurt By Pitch

CINCINNATI (AP)—Clem Labine, Brooklyn relief ace, was scheduled to have his wrist X-rayed today.

Labine was struck on the wrist by a pitch from Larry Jackson during the Dodgers' game with the Cardinals in St. Louis Wednesday night. Labine, who pitched the last two innings in wrapping up Brooklyn's 5-3 victory, said the wrist felt numb.

A righthander, Labine set a season's club record Wednesday night by finishing his 42nd game.

They'll Use Dogs As Golf Caddies

CHICAGO (AP)—Golf is going to the dogs.

Great Danes, Newfoundlands, Labradors, German Shorthaired Pointers and Old English Sheepdogs will act as cart-pulling caddies in a printers' tournament next week.

And they'll be judged on smart appearance, quietness when the master tees off, ability to locate lost balls, good behavior and general serviceability.

... a tire scientifically designed for modern highway speeds and stop-go city driving

Get set for a whole series of surprises when you have your car equipped with these fabulous new Dunlop Super Gold Cup Tubeless or Tubed Tires.

Smartly styled to enhance the appearance of today's motor cars, their beauty is far more than sidewall or tread deep.

It starts with Dunlop's famed Tension-Free construction that equalizes internal stresses, eliminates high heat-breeding areas — minimizes danger of blowout-born accidents — adds thousands of miles to Super Gold Cup life.

And finally, the beauty of this tire focuses on a new Dunlop-developed feature destined to make safe-driving history — MAX-GRIP TREAD.

8. Carl C. Leist, Trustee under the Will of C. A. Leist, deceased. First partial account.

And that said accounts will be for hearing and settlement before this Probate Court on Tuesday, September 4, 1956, at 9 o'clock a. m. Exceptions to said accounts, if any, must be filed herein on or before August 28, 1956.

Witness my hand and the seal of said Probate Court this 2nd day of August, 1956.

GUY G. CLINE,
Probate Judge.

Aug. 2, 9, 17, 23.

Legal Notice

**LEGAL NOTICE
IN THE COMMON PLEAS COURT
OF PICKAWAY COUNTY, OHIO**

Charles F. Coon, Plaintiff

-vs-

Thomas C. Westenhaver, et al, Defendants

No. 21,747

Thomas C. Westenhaver, residing at Shelbyville, Illinois, Chester Westenhaver, residing at Route 1, Shelbyville, Illinois, Ray Westenhaver, residing at Route 1, Shelbyville, Illinois, Ida M. Douthit, residing at 115 S. Water Street, Shelbyville, Illinois, Blanche Himes Krautz, residing at 1603 N. Custer, R.R. 1, Miles City, Montana, Ezra Fox residing at 748 N. 2nd Ave., Kent Washington, Mary Fox Caton, residing at 501 H. St., N.E. Auburn, Washington, Elza Fox, residing at 423 S. 10th Street, Fargo, North Dakota, Sadie H. Glick, residing at Tower Hill, Illinois, Route 1, Paul Pease, residing at 105 E. Locust Street, Canton, Illinois, Nellie Young, residing at R.R. 5, Kokomo, Indiana, Laura E. Miller, residing at R.R. 5, Kokomo, Indiana, Homer Blakely, residing at Wooden Shoe Village, Gladwin, Michigan, Luella Morrow, residing at Kokomo, Indiana, and Opal Reid Valentine, residing at 925 Radio Road, Palm Springs, California, will take notice that on the 20th day of August, 1956, the undersigned, Charles F. Coon, filed his Amended Petition against you and others, heirs at law and next of kin of Florence M. Teegardin, deceased, in the Common Pleas Court of Pickaway County, Ohio, being Case No. 21,747, praying for the partition of the following real estate, situated in the County of Pickaway, and State of Ohio, and bounded and described as follows:

FIRST PARCEL

In Madison Township. The South Half ($S\frac{1}{2}$) of what is known as the Aaron Teegardin farm and described in Letters Patent of the United States dated September the 20th, A.D., 1815, as follows, towit:

Being the Northwest Quarter ($N.W.\frac{1}{4}$) of Section Number Twenty-two (22) of Township Number Ten (10) in Range Number Twenty-one (21), Mathews Survey. The part hereby described being the South Half of the Northwest Quarter of Section No. 22, Township No. 10, Range 21, Mathews Survey, containing Eighty Acres, more or less.

SECOND PARCEL

In Madison Township. Being the North Half of the Northwest Quarter of Section Number Twenty-two (22), Township Number Ten (10), Range Number Twenty-one (21), Mathews Survey, and known as the Aaron Teegardin farm and described in Letters Patent of the United States dated September 20, 1815, containing Eighty (80) acres of land, more or less.

THIRD PARCEL

In Madison Township. First Tract: Being the East Half of the southeast Quarter of Section No. 21, Township No. 10, Range No. 21, M.S., containing 78 acres of land, more or less.

Second Tract: Forty (40) acres and One Hundred three (103) poles of land out of the northwest corner of the Northeast Quarter of Section No. 28, Township No. 10, Range No. 21, M.S.

Beginning at a stone northwest corner of said Quarter Section; thence with a line of the same S 1 deg. W 81 poles 1 link to a stone from which an ash 16 inches of diameter bears S 46 deg. E 12 links distant, and another ash 12 inches in diameter bears N $10\frac{1}{2}$ deg. W 8 links distant; thence S 89 deg. E $80\frac{1}{4}$ poles to a stone from which an elm 14 inches in diameter bears N $5\frac{1}{2}$ deg. W 28 links distant; thence N 1 deg. E 81 poles and 1 link to a stone in the Section line; thence with said line N 89 deg. W 80 1-5 poles to the beginning.

FOURTH PARCEL

In Harrison Township. Beginning at a stone in the middle of the Mackey Ford Free Turnpike at the southwest corner of the twenty acre lot owned by Emanuel Good and others, thence with their line North 80 poles to a stone at the northwest corner of said Good's land and in the south line of Andrew Barch's land; thence with his line West 16 poles to a stake; thence South parallel with said Good's line 80 poles to a stake in the middle of said turnpike; thence with the middle of said turnpike East 16 poles to the beginning, containing Eight (8) acres of land, more or less. Being a part of the South Half of the Southeast Quarter of Section No. 23, in Township No. 3, Range 22, Mathews Survey, excepting therefrom the following tract conveyed to George M. Dolby and Maggie G. Dolby, bounded and described as follows, viz:

Beginning at a stone at the northwest corner of the 20 acre lot owned by Emanuel Good and others and in the south line of the Andrew Barch land, thence South with the west line of said Good lot 40 poles to a stake in said line, thence West, parallel with the said Barch land, 16 poles to a stake; thence North, parallel with said Good line, 40 poles to a stake in said south line of the Barch land; thence East with said Barch line 16 poles to the beginning, containing 4 acres of land, more or less, being a part of the South Half of the Southeast Quarter of Section 23, in Township 3, Range 22, Mathews Survey, together with the right of ingress and egress to and from said lands over and across a roadway 16 feet in width off the east side of the residue of grantor's premises, commencing at the southeast corner of the lands hereby conveyed and running south to the Mackey Ford Free Turnpike.

FIFTH PARCEL

In Madison Township. Being a part of the Northeast Quarter of Section No. 21, Township No. 10, Range No. 21.

Beginning at a stone in the section line 20 chains 25 links south of the Northeast corner of said Quarter Section, thence South 20 chains and 24 links to a stone; thence S $88\frac{3}{4}$ deg. W 27 chains and 52 links to a stone; thence North 20 chains and 50 links to a stone; thence East 27 chains and 48 links to the place of beginning, containing 56.01 acres of land.

You are required to answer said Amended Petition by the 13th day of October, 1956, or judgment by default will be rendered against you.

CHARLES F. COON
By Charles H. May,
His Attorney.
Circleville, Ohio.

Aug. 23, 30, Sept. 6, 13, 20, 27.

Early Planning Always Important For Farm Water Systems

Pickaway County farmers can obtain experienced advice and up-to-date literature on their farming problems at the County Extension Office located in the Post Office Building, S. Court St., Circleville. The office here is the link between district farmers and the College of Agriculture, Ohio State University.

When you can get water in your farm home at the turn of a faucet you'll use a lot more than when you take it from a hand pump on the back porch.

This is one of the most important things to remember when you select a pump for your pressure water system, according to I. P. Blauser, Ohio State University extension agricultural engineer. Once you have determined your water supply is adequate, the success of your system depends largely on selecting a pump of proper type and sufficient capacity, Blauser points out.

Many farm water systems, he notes, have too small a capacity to handle extra loads placed on them by automatic clothes washers, dish washers or livestock drinking fountains.

With your new water system, how much water will you need? Probably more than you think. You can figure on about 50 gallons daily for each member of your family. If your system is to supply water for livestock too, you'll need from 15 to 30 galoins a day for each dairy cow, 12 gallons for each beef animal, 4 gallons for each hog, 1½ gallons for each head of sheep and 6 gallons for each 100 chickens.

If your water requirements total 600 gallons, your pump should have a capacity of between 300 and 600 gallons per hour. The capacity of pumps generally is measured in gallons per hour. Blauser doubts if any water system which supplies the home and farmstead should be less than 600 gallons per hour capacity. To handle peak loads even for short periods the capacity of the pump must equal the peak load.

There are 2 general types of pumps — shallow well and deep well, Blauser explains. Where the vertical distance between the pump location and the water level is not more than 22 feet you can use a shallow well pump. Where the vertical lift is more than 22 feet you'll need a deep well pump.

Be sure your water supply is sufficient, Blauser advises. The best pump in the world can't help you if the water isn't there.

* * *

Ohio dairy farmers can expect an increase this year over the average price for milk in 1955. Wallace Barr, agricultural extension economist at The Ohio State University, says the price for milk in 1956 has averaged $4 per hundredweight. This is 27 cents over the average for the same period last year.

Barr says sales of milk by farmers are increasing sizably and it is practically certain that **cash receipts this year will be higher than 1955's total. He expects receipts to be close to the record $4.6 billion set in 1952.**

Although receipts are increasing, dairymen's costs continue high, so the increase in net income may not be as great as the increase in gross cash receipts, Barr points out.

* * *

Vegetable gardeners frequently are puzzled by blossom drop on such crops as tomatoes, peppers, melons and cucumbers. Blossom drop is caused by different conditions, says E. C. Wittmeyer, Ohio State University extension horticulturist.

In the case of tomatoes, some varieties will set fruit easier than others, Wittmeyer notes. Valiant, an early variety, frequently will set fruit under conditions causing blossom drop of Rutgers, a late variety.

Cool nights, prolonged wet periods, excessive use of nitrogen fertilizer, and extremely hot drying winds can cause blossom drop of tomatoes, according to Wittmeyer. Ideal temperatures should be about 58 degrees Fahrenheit at night and around 85 degrees during the day.

Many of the conditions affecting blossom drop of tomatoes also are responsible for the same trouble with peppers, Wittmeyer says. Very dry periods along with hot dry winds are a common cause of pepper blossom drop.

Melons and cucumbers have both male and female flowers. Pollination by bees is necessary before the female flowers will set and form fruit. Male flowers appearing first in great numbers frequently will dry up. Later more male flowers will form. Prolonged rainy periods can interfere with bee activity, thus limiting fruit set, the horticulturist explains.

Same Fellow?

SAN FRANCISCO (AP)—And then there's the one about the two elderly ladies at the Republican national convention listening to a speaker who kept mentioning "Dwight D. Eisenhower." Finally one of the ladies whispered: "This Dwight Eisenhower—is he any relation to Ike?"

Girdler Retires As One Of Industry's Most Colorful Men

CLEVELAND (AP) — An Indiana farm boy who grew up to be one of the most colorful figures in American industry has retired as chairman and director of Republic Steel Corp.

Tom M. Girdler, 79, stepped aside Tuesday. He had served as chairman since Republic was organized in 1930.

C. M. White was elected chairman of Republic, the nation's third largest steel company. White, who has been president, has been the chief executive officer of the firm since June 21, 1955.

Girdler, short in physical stature, bold and direct in speech and action, often tangled with unions during his career.

He was one of labor's strongest foes when the CIO was trying to organize steel workers in the so-called "little steel" strike in 1937.

At the time, Girdler was quoted as saying, "Before I sign a CIO contract, I'll go back on the farm and dig potatoes."

After a bloody Memorial Day fight in which 10 were killed in South Chicago and other struggles took place in Cleveland, Youngstown and Warren, Ohio, Girdler said:

"I was doing the best thing for my country when I fulfilled my obligation to the corporation."

John L. Lewis, then head of the CIO, blamed Girdler for the 10 deaths at South Chicago. Girdler blamed "CIO arrogance."

Girdler was born on a farm in Clark County, Ind., he was graduated from Lehigh University in 1901 and started his business career as a sales engineer in Europe for the Buffalo Forge Co.

He was associated with several other firms before he joined Jones & Laughlin Steel Corp. as assistant superintendent in 1914. When he left the company as president in 1929, his salary and bonus totaled $350,000 and his stock interest had a market value of 1½ million dollars.

The new corporation, Republic Steel, was organized in 1930 with the merger of several independent steel companies. Girdler became chairman of the concern and also was president until 1937.

Lausche Pledges DiSalle Support

COLUMBUS (AP)—Gov. Frank J. Lausche said Wednesday he would campaign for the election of Michael V. DiSalle to succeed him.

'Of course I will support him," the governor told newsmen. "I will be with DiSalle at meetings. He has my full support."

The governor, who has been criticized as failing to extend his coattails to other candidates in past campaigns, is running for U. S. senator in the Nov. 6 election. DiSalle is the Democratic nominee for governor.

Lausche said he would attend Friday's opening of the Ohio State Fair and would visit county fairs in the next few days. He said his schedule still is incomplete.

Set Hearing For Dismissal Appeal

COLUMBUS (AP)—The state Civil Service Commission has set hearing for Sept. 5 on the appeal of Pearl E. E. Mosier from his dismissal as business manager of Apple Creek State Hospital near Wooster.

The hearing will be held in the Wayne County courthouse at Wooster. He was dismissed in connection with an investigation into the unauthorized construction of a residence on the hospital grounds.

Insurance Death Benefits Decline

COLUMBUS (AP) — Ohio families received $72,037,000 in life insurance death benefits in the first half of 1956, the Institute of Life Insurance has reported.

The figure compares with $76,361,000 in the corresponding period of last year.

The institute said 54,710 death benefit policies were paid off in Ohio in the first six months of 1956, compared with 51,618 in the like period last year.

Now They Offer Air Conditioning For Farm Tractor

NEW YORK (AP)—How are you going to keep 'em down on the farm?

An implement maker has come up with a possible solution to that age-old problem. It announced an air-conditioned tractor which will keep the hired man cool the year round.

Cockshutt Farm Equipment Inc., Bellevue, Ohio, said its air-cooled tractor has been successfully tested at an experimental farm in Bucks County, Pa.

A spokesman estimated the model will cost little more than the price of a good high fidelity sound system or a console color television set.

"When the market demand for such a tractor is evident, a production model will be planned," said the spokesman.
